A Resolution of the City of Plano, Texas, accepting the findings and opinions of the Annual Audit; authorizing the City Manager, or in his absence the Director of Finance, to publish the results thereof; and providing an effective date.

WHEREAS, Section 3.14 of the City Charter requires that a complete audit be made by a duly licensed Public Accountant at the close of each fiscal year; and

WHEREAS, the City Council has been presented the Comprehensive Annual Financial Report (CAFR) for Fiscal Year 2014-15, a copy of which has been filed with the City Secretary, available for public inspection, and incorporated herein by reference (hereinafter called "CAFR"); and

WHEREAS, upon full review and consideration of the CAFR, and the included opinion of the City's duly appointed auditors, KPMG LLP, the City Council is of the opinion that the requirements of the Charter have been satisfied.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLANO, TEXAS, THAT:

Section I. The findings and opinions of the CAFR have been reviewed by the City Council of the City of Plano, and are hereby in all things accepted.

Section II. The City Manager, or in his absence, the Director of Finance, is hereby instructed to publish the results of the CAFR and all other documents in connection therewith on behalf of the City of Plano, as provided in Section 3.14 of the City Charter.

Section III. This Resolution shall become effective from and after its passage.

DULY PASSED AND APPROVED this the 25th day of January, 2016.

Harry LaRosiliere, MAYOR

January 13, 2016

To the Honorable Mayor, Members of the City Council
and Citizens of the City of Plano, Texas:

The Comprehensive Annual Financial Report (CAFR) of the City of Plano, Texas (the City or Plano), for the year ended September 30, 2015, is submitted in accordance with Section 3.14 in the City Charter.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal controls established for this purpose.

KPMG LLP has issued an unmodified (clean) opinion on the City's financial statements for the year ended September 30, 2015. The independent auditors' report is located in the beginning of the financial section of the CAFR.

This letter of transmittal is designed to complement Management's Discussion and Analysis (MD&A) and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditors' report and provides a narrative introduction, overview and analysis of the basic financial statements.

City of Plano Profile

The City of Plano is the largest city in Collin County, located in the southwest corner of the county, approximately 20 miles north of downtown Dallas. There are currently 72.1 square miles of land in the City's boundary.

The City was incorporated on June 2, 1873, under the provisions of H.B. 901 of the Texas Legislature. It was subsequently chartered on June 10, 1961, and operates under a Council-Manager form of government. The City Council is comprised of a Mayor and seven members and is responsible for enacting ordinances, resolutions, and regulations governing the City, as well as appointing the members of various statutory and advisory boards, the City Manager, City Attorney, and a Municipal Judge. The City Manager is the chief administrative officer of the government and is responsible for the enforcement of laws and ordinances, the appointment and supervision of the Deputy City Managers, Assistant City Managers, and heads of departments, and the performance of functions within the municipal organization.

Financial reporting of the entity (the government) includes all the funds of the primary government (i.e., the City of Plano as legally defined), as well as the Tax Increment Financing District, a discretely presented component unit. Discretely presented component units are legally separate entities and are not part of the primary government's operations. The government provides a full range of services including police and fire protection, environmental health, sanitation services, community development, building inspection, traffic control, parks and libraries, the construction and operation of water, sewer, drainage, environmental waste services, streets and infrastructure, and convention, tourism, and cultural events. The Plano Housing Authority, a related organization, is not a part of this report as the City's accountability does not extend beyond making the appointments of the Plano Housing Authority Board.

Local Economy

Plano is a community that offers exceptional housing, award-winning schools and a dynamic business climate, all of which are strong factors in the success of the City's economy. The City continues to benefit from other favorable conditions associated with Plano including a stable, diverse economic base and a desirable location for work and living.

Since 2014, Plano's population grew an estimated 1.3% to 273,600 in 2015. According to residential development projections by the City's planning department, it is projected to grow to 286,400 by 2025 and to 300,000 by 2035.

According to the U.S. Census Bureau, the median household income of Plano is \$81,571.

According to *Niche.com*, Plano is the Best City to Raise a Family taking into consideration school ratings, age demographics, crime rates and access to affordable housing and childcare. Plano is ranked as the #2 Best City for Families by *wallethub.com*. Scoring was based on socio-economic environment, education and child care, affordability, health and safety, family activities, and other factors.

Creditdonkey.com has ranked Plano #2 as part of their study for the Best Cities to Live in Texas. Factors considered include crime rate, commute time, income, education, and restaurants per capita.

In 2015, *liveability.com* listed Plano as the second Best City for Families citing the highly regarded education systems, recreation centers, opportunities to explore nature in addition to the diverse population. *Datingadvice.com* ranked Plano the #7 Best City to Start a Family taking into consideration education, entertainment, and safety.

Plano is the second city in Texas, and thirty-second in the nation to be awarded the 4-STAR Community Rating for Sustainability. The rating system evaluates cities based on natural systems, climate and energy, economy and jobs, arts and community, education, and health and safety.

Money.cnn.com notes that the Trust for Public Land, a U.S. nonprofit organization, ranks the best parks in America based on the percent of city land devoted to parks, park size, the amount of park spending per resident as well as dog runs, playgrounds, and recreation and senior centers available. In 2015, Plano was ranked #17 for the Best Parks in America.

Based on safety, affordability, education, home value, as well as other factors, *The Dallas Morning News* has included 3 Plano neighborhoods within the Top 10 Best Neighborhoods in the Metroplex.

According to *smartasset.com*, Plano is named a Top 10 Best City for Women in Tech taking into consideration, women as a percent of the tech workforce, income, and employment growth.

Wallethub.com has ranked Plano as the 3rd Hardest Working City in America. The ranking is based on average workweek hours, commute time, labor force participation rate, leisure time and other factors.

Plano's Parks and Recreation Department has been named the 2015 National Recreation and Parks Association's (NRPA) Gold Medal winner for Excellence in Park and Recreation Management. Factors considered include resource management, agency recognition, long-range planning in addition to being able to address the needs of the citizens, staff, and elected officials.

The American Planning Association has named Downtown Plano as one of America's four Great Neighborhoods stating it's 'DART-able, stroll-able, livable, shop-able...live-music-able'.

Plano remains one of only a few cities in the United States receiving an "AAA" bond rating, the highest possible bond rating from Moody's Investor Services, Standard & Poor's and Fitch IBCA. In issuing their ratings, they praised the City for its stable financial position driven by conservative budgeting as well as its large and diverse tax base and strong management practices.

Given Plano's continued pro-business attitude and enthusiastic accommodation of industry, the City continues to prosper economically. The following categories represent key factors that impact Plano's economic and financial success:

Property Tax Revenues

Property tax revenues are the City's largest source of funding. Tax collections totaled \$139.8 million for fiscal year 2015, an increase of 7.2% from the prior year. According to the Collin County Appraisal District, Plano property appraisals increased 7.1% for 2015 on property tax estimates.

Sales Tax Revenues

After property tax revenues, the General Fund's second largest revenue source is sales tax generated from a variety of businesses operating in the City. Sales tax collections are produced primarily from Plano's sizeable retail base including two major shopping malls, 70 shopping centers, The Shops at Legacy, Historic Downtown Plano with Dallas Area Rapid Transit (DART) light rail access, as well as hundreds of specialty shops and major retailers throughout the City.

Sales tax allocations to the City totaled \$76.3 million from October 2014 through September 2015, an increase of 2.5% compared to fiscal year 2014.

Employment

A strong business atmosphere, coupled with a highly educated and motivated workforce, continue to draw diverse companies to relocate to Plano. The three largest job sectors are professional, scientific, and technical services; healthcare; and retail trade. According to the U.S. Census Bureau, 54% of Plano residents have a bachelor's degree or higher. The unemployment rate in Plano for fiscal year 2015 was 3.5% compared to 4.6% in 2014.

Plano's large businesses, employing 1000+, include Alcatel-Lucent, Bank of America Home Loans, Capital One Finance, CIGNA, Dell Services, Dr. Pepper Snapple Group, Ericsson, Frito-Lay, HP Enterprise Services, Intel Security, J.C. Penney, MedAssets, Medical Center of Plano, PepsiCo, and Texas Health Presbyterian Hospital Plano. Employing 500-999, companies having significant operations in Plano include Baylor Regional Medical Center at Plano, Children's Medical Center Plano, CROSSMARK, CVE Technologies Group, Denbury Resources, Flextronics, Intuit, Pizza Hut/YUM! Restaurants International, Rent-A-Center, St. Jude Medical Neuromodulation Division, Tektronix Communications, The Heart Hospital Baylor Plano, Transamerica and XO Communications. This type of environment creates a broad range of employment opportunities for Plano and area residents and creates a significant business component to the local tax base.

Job Growth

In fiscal year 2015, the following businesses announced relocation and expansion:

Liberty Mutual Insurance Company, a global insurance provider headquartered in Boston, MA, will construct a new regional operations campus in the Legacy West development. The campus, with two towers, will total over 900,000 square feet and employ over 4,000 by the end of 2017.

Cinemark Holdings, a global theater chain operator, purchased their headquarters located on 3900 Dallas Parkway. The 120,000-square-foot building, originally constructed in 1998, has been leased by Cinemark since the opening of the building.

Ciber, Inc., a global IT consulting company, opened its new Global Strategic Sales center and Global Learning and Development facility in January 2015. The company occupies 26,000 square feet, located on 6860 N. Dallas Parkway, and will employ up to 300 by the end of 2018.

Oceans Healthcare, which specializes in the development and management of behavioral health services, relocated its corporate headquarters from Louisiana to 5850 Granite Parkway. The company occupies 7,000 square feet with 25 employees.

Allied BioScience, founded in 2005, produces and distributes antimicrobial surface coatings to the healthcare industry. In May 2015, the company moved their national headquarters to 5000 Legacy Drive, occupying 6,000 square feet. The company moved their headquarters from Dallas, where they still maintain a small office presence. Allied BioScience employs 12 nationally, with 6 employees in the Plano office.

Alcatel-Lucent, a global telecommunications equipment company, announced plans to consolidate the company's operations in Plano. Formerly in two separate buildings in Plano, the company will move their employees to a new facility at the corner of Lotus Drive and Independence Parkway. The new four-story, 260,000-square-foot building will serve as the central operations facility. Construction is slated for completion in late 2016 and will include a rooftop terrace, state-of-the-art labs and creative work spaces.

Pizza Hut/Yum! Restaurants International will increase their footprint with plans to expand their Plano headquarters. The 60,000-square-foot addition will include a 3-story and single-story building. The company plans to add office space and a training facility that will create or transfer up to 150 jobs by 2020.

Hilti North America, a Tulsa-based global manufacturer and subsidiary of Hilti Corporation, relocated its corporate headquarters to Plano in June 2015. Hilti supplies specialized tools and fastening systems for the construction industry. The company has leased two floors, totaling 56,000 square feet, in the new Legacy Tower, at 7250 Dallas Parkway. Based in Tulsa since 1979, the company plans to transfer the majority of its corporate staff to Plano and will initially have a staff of 175 employees. The company's distribution centers, test lab and repair services will be located in surrounding Dallas-Fort Worth cities.

LegacyTexas, was formed recently when LegacyTexas Bank merged with ViewPoint Bank, creating one of the largest independent banks in Texas, representing 51 branches and over \$5 billion in pro forma assets. The company consolidated its corporate headquarters into the top three floors of the former Encana Tower, located at 5851 Legacy Circle. The banking firm occupies 78,700 square feet and will have 215 employees by 2016. The banks, previously located on Preston Road and Legacy Drive and 1201 W. 15th Street, moved into their new building in late 2014. Renamed Plano Tower, LegacyTexas is the first new tenant to occupy the 318,000-square-foot multi-tenant building.

The Renaissance Hotel began construction in 2015 on a 270,000-square-foot full-service hotel located west of the Dallas North Tollway in the new \$2 billion Legacy West development. The \$82 million hotel project will feature 300 rooms and over 26,000 square feet of conference space. The high-rise hotel is part of the 240-acre Legacy West development which will feature corporate office space, apartments and a shopping center.

L-3 Mustang Technology, a radar systems provider and weapons system integrator, has expanded their operations in Plano, located on 6900 K Avenue. The company moved its L-3 Unmanned Systems division to the third floor of their building, adding 28,000 square feet and 96 employees.

AREVA Med, a subsidiary of AREVA, was created in 2009 to develop innovative therapies to fight cancer. In November 2014, the company announced plans to build a new production facility in Plano. The company will occupy at least 8,000 square feet of office space at the northeast corner of E. Plano Parkway and Klein Road, and will transfer or create at least 10 jobs by the end of March 2016.

Long-Term Financial Planning

Long-term planning and responsiveness to changing economic conditions are a key factor in maintaining the City's fiscal health. While economic forecasts for Plano and the North Texas region remain favorable, a diminishing supply of undeveloped land and economic uncertainties at both the regional and national level remain factors when planning Plano's financial future. As Plano continues to transition to a mature community, it continues to utilize its Core Business Matrix to ensure expenditures are aligned with the Plano City Council's strategic plan and community goals.

Combined fiscal year 2016 budget appropriations across all of Plano's operating funds equal \$496.5 million, which is a \$28.8 million or 6.2% increase from the 2015 re-estimated budget. General Fund revenues in fiscal year 2016 are projected at \$263.3 million, an increase of \$15.6 million from the fiscal year 2015 re-estimated budget. Total appropriation in the General Fund for fiscal year 2016 are set at \$279.4 million, which is an increase of \$16.0 million from the fiscal year 2015 re-estimated budget.

Capital Reserve funding will be primarily supported by transfers of \$23.6 million from the General Fund, \$1.5 million from the Water and Sewer Fund, \$1.1 million from the Convention & Tourism Fund and \$500,000 from the Municipal Drainage Fund. As an established resource for renovating, repairing and replacing existing infrastructure, the Capital Reserve Fund has been a significant factor in maintaining the City's AAA bond ratings.

Of the \$79.1 million budgeted for General Obligation capital expenditures in fiscal year 2016, \$4.3 million pertains to municipal facilities, \$29.1 million for parks and recreation, \$39.7 million for street improvements and enhancements and \$6.0 million for public infrastructure.

The Equipment Replacement Fund allows the City to minimize budgetary impacts by setting aside resources to purchase equipment and replace existing equipment which has reached the end of its useful life. The fund collects regularly scheduled depreciation charges from city departments with vehicles and capital equipment, and then uses those funds to purchase new equipment on an as needed basis. For fiscal year 2016, the Equipment Replacement Fund's projected revenues total \$10.5 million, with depreciation charges totaling \$9.8 million being the primary source of revenue. The fund is also expected to collect \$508,500 from the auction of City equipment and \$175,000 from interest earnings.

In fiscal year 2016 the City anticipates a General Obligation bond sale of \$40.0 million, a Water and Sewer Revenue bond sale of \$36.4 million and a Municipal Drainage Revenue bond sale of \$4.5 million. The General Obligation sale will fund the continued development of Plano's park system, numerous street improvements, renovations and expansions at three recreation facilities, public infrastructure improvements and renovation of Fire Station #1 and the Fire Administration complex. The Water and Sewer and Municipal Drainage revenue bond sales will fund utility infrastructure construction and rehabilitation for their respective utility systems.

On November 1, 2014 billing for water use was increased by 10 percent to help pay for a 10.2 percent increase in fees passed down from the North Texas Municipal Water District (NTMWD), Plano's water supplier. The NTMWD has raised rates 63.8 percent since 2010. The Plano City Council attempted to absorb the additional charges from NTMWD initially, but has since had to raise rates to residents to offset the increases. In continuing effort to minimize the overall effect of the increases, Plano City Council has elected to keep all minimum water and sewer charges static. Beginning November 1, 2015, a varying rate increase in volumetric tiers in both water and sewer rates will appear on bills to cover the additional 11.2 and 13.8 percent increase respectively being passed down from NTMWD.

Relevant Financial Policies

Financial Policies. The City Council Finance Subcommittee developed written policies detailing financial goals and guidelines for the City. These included policies for accounting, budgeting, capital improvements, asset management, revenue management, risk management, investing, cash management and fund balance/reserve levels. The City Council adopted these policies and on a periodic basis, the financial policies are reviewed and updated.

Accounting Procedures and Budgetary Controls. The City's accounting records for governmental funds are maintained on a modified accrual basis, with revenues being recorded when available and measurable, and expenditures being recorded when the services or goods are received and the liabilities are incurred. Accounting records for the City's proprietary funds are maintained on the accrual basis.

In developing and maintaining the City's accounting system, consideration is given to the adequacy of the internal control structure. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets; and (3) compliance with all applicable rules, regulations and contractual requirements. The concept of reasonable

assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Recognizing the value of internal control, an internal audit program has been in place since 1988. This program serves to enhance controls to safeguard the City's assets and provide a reasonable assurance of proper recording of financial transactions, which, due to the changing complexity of the organization, require greater attention.

Budgetary control is maintained at the fund level, and encumbrances are entered at the time a purchase order is issued. Open encumbrances are recorded as assignments of fund balance as of September 30 of each year, and the subsequent year's budget is increased to reflect these encumbrances. Unspent and unencumbered appropriations lapse at the end of the fiscal year.

The budgetary process begins each year with the preparation of both current and proposed year revenue estimates by the City's financial management staff and expenditure estimates by each City department. Budgets are reviewed by the Budget Committee which consists of the City Manager, Deputy City Managers, Director of Budget, Director of Finance, Director of Human Resources and Assistant City Managers. The City Manager makes final decisions and submits a recommended budget, or "Program of Service," to the City Council. The proposed budget is reviewed extensively by the City Council, a process that includes a Charter-mandated public hearing, in addition to work sessions which are open to the public. The City Charter requires adoption of the City budget by no later than September 15 of each fiscal year.

While the budget is developed and controlled at the departmental level, appropriations are made at the fund level. An ordinance establishes the budget for operating expenditures, debt service payments, and interfund transfers, while a separate ordinance establishes the property tax rate.

As part of each year's budget development process, departments are required to update expenditure estimates for the current fiscal year. These estimates are reviewed by the Budget Committee and the City Council concurrent with review of the proposed budget. (The "re-estimated" current year budget is used as a working budget for the last half of the current fiscal year.) This re-estimated budget may require a supplemental appropriation and, if so, such supplemental appropriation is approved by ordinance adopted by the City Council prior to the end of the current fiscal year.

During the course of the fiscal year, expenditure controls are maintained by each department head with overall review exercised by the Budget Committee. Monthly departmental expenditure reports are generated by an automated management accounting system and provide expenditure totals and encumbrances at the line-item level for the most recently completed month, as well as a year-to-date total, and an actual versus planned rate of expenditure. Major expenditure requests are reviewed by the Budget and Research Department prior to the encumbrance of funds.

Constant review of revenue and expenditure trends is maintained with specific responsibility assigned to the Director of Budget. Recommendations for corrective action are made to the City Manager (and to the City Council, if appropriate) as needed to ensure the integrity of the adopted budget.

The City's Finance Department publishes a Comprehensive Monthly Finance Report (CMFR) directed at providing internal and external users with a general awareness of the City's financial positions and economic activity. The CMFR includes a Financial Summary section reporting the performances of the major operating funds, an Economic Analysis section summarizing key economic indicators and an in-depth review with graphic illustrations, and an Investment Report section describing investment activity, interest earnings and the City's portfolio. The CMFR is presented quarterly to the City Council.

Major Initiatives

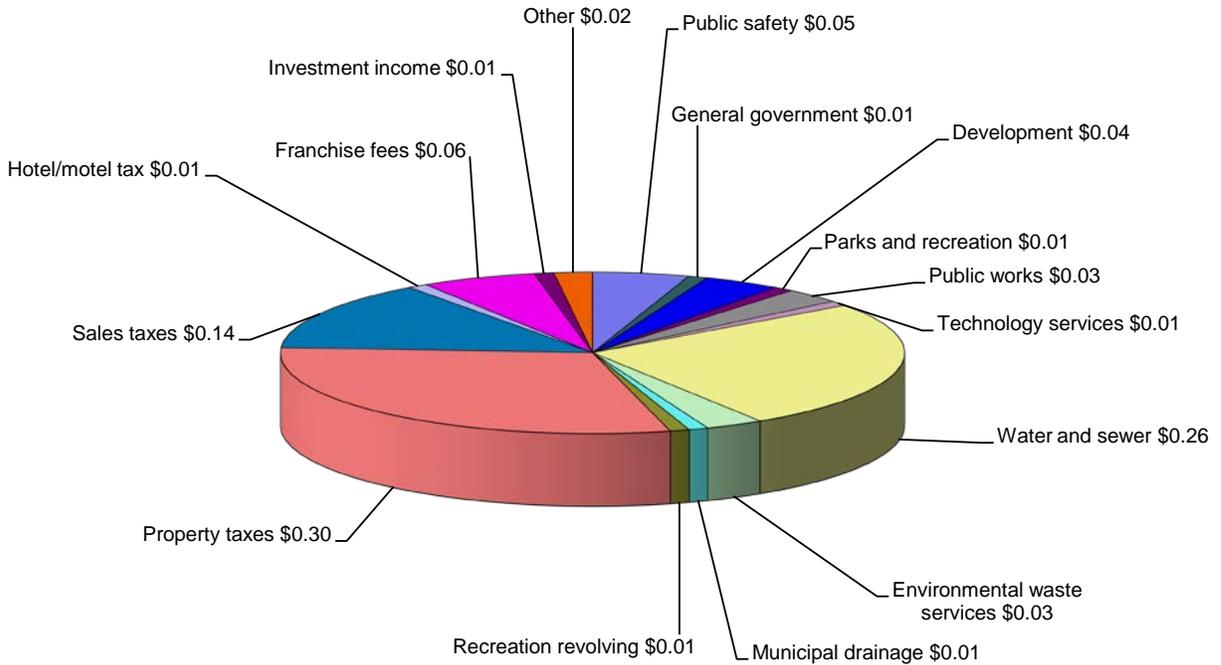

The fiscal year 2015 Community Investment Program (CIP) continued to reflect the City's commitment to enhancing and maintaining its infrastructure. Significant facility projects from the fiscal year 2015 CIP included completion of the Oak Point Nature and Retreat Center, Police Evidence Storage Facility, the second phase of the Technology Services Building renovation and renovations to Fire Stations #4 and #7, initial construction on the Jack Carter Pool renovation, substantial design progress on a number of future city facility projects. Plano's park system saw land acquisitions totaling \$3.4 million, as well as significant outlays for improvements to trails, athletic fields and general park improvements. Numerous major street projects were undertaken in FY 2015, most notably a \$5.0 million payment to the North Texas Tollway Authority for ramp improvements along Dallas North Tollway, expansion of Windhaven Parkway, renovation of a section of 15th Street, construction of a pedestrian crossing on Park Boulevard over US 75 among other joint venture street projects, roadway construction and reconstruction, intersection improvements, and signal systems improvements. Major water and sewer projects in FY 2015 included substantial renovation of Stadium Pump Station, repainting of elevated storage tanks, and \$2.0 million in inflow/infiltration repairs to sewer lines. In addition, nearly \$23.4 million was invested through the Capital Reserve Fund in repairs, renovations and rehabilitation projects for City streets, facilities, and park assets with the express intent of extending the useful life of those assets.

Fiscal year 2015 also saw the total replacement of mobile and portable radios for Plano's Police, Fire and Public Works departments. These new units have an expected life of 15 years and allow the current radio system to operate more efficiently while meeting current standards.

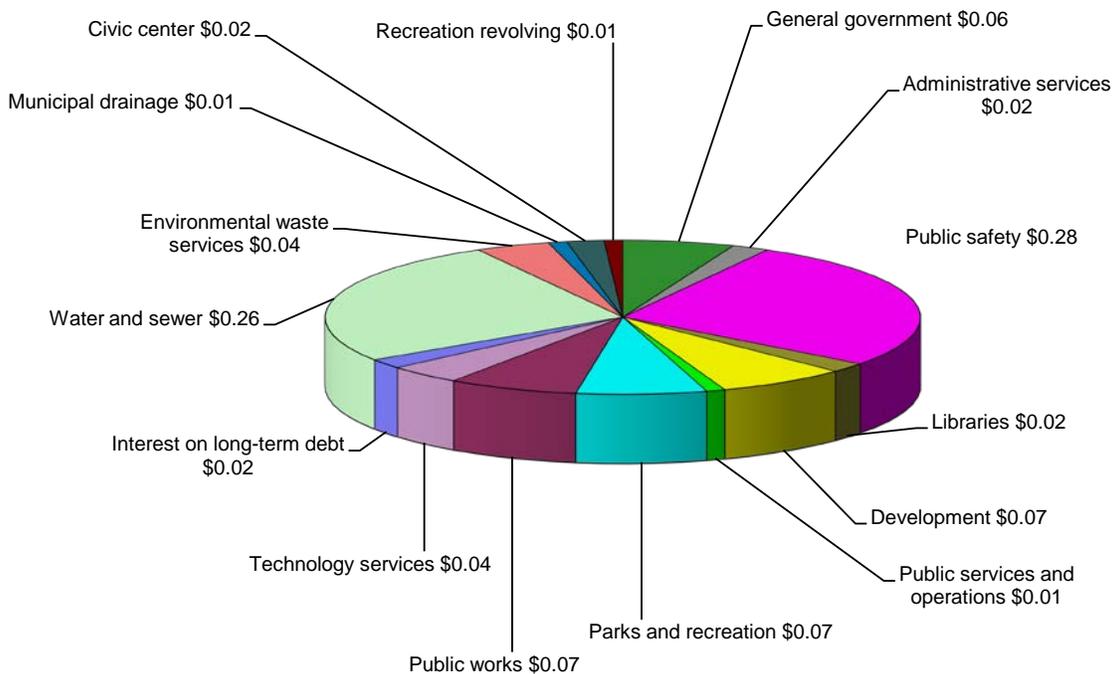

The City budgeted \$7.2 million for economic development incentives for fiscal year 2016 in order to remain competitive with surrounding neighboring cities. Fiscal year 2015 was the ninth year that two-cents of the property tax rate was dedicated for these incentives. The Economic Development Incentive fund is utilized to attract and retain major business and employees to the City.

The following chart depicts the sources and uses of the City's financial breakout as of fiscal year-end 2015:

Where the Money Comes From Revenues per \$1

Where the Money Goes Cost per \$1

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended September 30, 2014. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

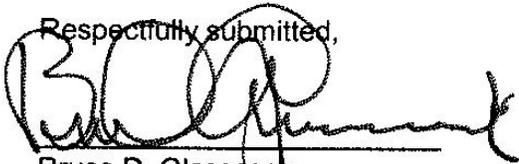

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. The City has received a Certificate of Achievement for the last 34 consecutive years (fiscal years ended 1981-2014). We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

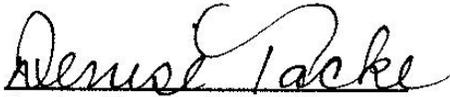

Many persons are responsible for the preparation of this report, and for the maintenance of records upon which it is based. Appreciation is expressed to the City employees throughout the organization, especially those employees of the Accounting Department who were instrumental in the successful completion of this report. Certain individuals worked many extra hours and exhibited extraordinary effort in ensuring the accuracy and timeliness of this report, and their contribution to this effort is greatly appreciated.

Our appreciation is also extended to the Mayor and members of the City Council for providing the resources necessary to maintain the integrity of the City's financial affairs.

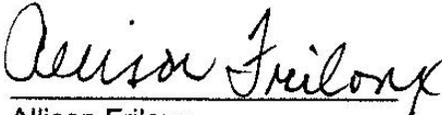

Respectfully submitted,

Bruce D. Glascock
CITY MANAGER

Independent Auditors' Report

The Honorable Mayor and Members of the City Council
The City of Plano, Texas:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Plano, Texas (the City), as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Plano, Texas, as of September 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

As discussed in note 2 to the financial statements, effective October 1, 2014 the City adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB No. 27 and GASB Statement No. 71*, Pension Transition of Contributions Made Subsequent to the Measurement Date – an amendment of GASB No. 68. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require that the management’s discussion and analysis and the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City’s basic financial statements. The accompanying combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the individual fund budgetary comparison schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 13, 2016 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

KPMG LLP

Dallas, Texas
January 13, 2016

CITY OF PLANO, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2015

Our discussion and analysis of the City's financial performance provides an overview and analysis of the City's financial activities for the fiscal year ended September 30, 2015. Please read it in conjunction with the accompanying transmittal letter and the accompanying basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$1.4 billion (net position). Of this amount, \$1.1 billion (77.4 percent) is net investment in capital assets. The amount of net position restricted for a specific purpose is \$49.8 million (3.5 percent). The remaining \$268.2 million (19.1 percent) is unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors in accordance with the City's fund designation and fiscal policies.
- The City's total net position increased by \$67.9 million. Property tax revenues are higher over prior year by \$10.8 million as a result of higher assessed property values in the current year. For fiscal year 2016, the total appraised value will include an increase in new property coming on-line of \$536 million while existing property values are expected to increase by \$1.9 billion. Sales tax revenues increased over prior year by \$1.9 million as a result of greater business-to-business sales. Hotel/Motel tax revenues are higher over prior year by \$1.4 million primarily due to the addition of new hotels in the current year resulting in higher occupancy rates. Water and sewer service charges are higher over prior year by \$17.5 million primarily attributable to less stringent water restrictions in the current year as well as a change in rate structure. Development charges for services increased over prior year by \$3.7 million due to an increase in single family residence permits and residential remodel permits. Additionally, GASB Statement No. 68 was implemented in fiscal year 2015 which records net pension assets and/or liabilities, deferred outflows and inflows of resources, as well as pension expense and contributions.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$272.3 million, an increase of \$12.7 million in comparison with the prior year. Within this total, \$83.5 million (30.6 percent) is restricted by specific legal requirements and \$142.8 million (52.4 percent) has been committed and assigned to specific types of expenditures. Unassigned fund balance is \$45.3 million (16.6 percent) and can be used for any lawful purpose. The remaining \$707 thousand (0.3 percent) is nonspendable.
- The City's total debt increased by \$1.8 million primarily because of a larger general obligation and refunding bond issuance in the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

Management's discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business. The Statement of Net Position presents information on all of the City's assets, deferred outflows, liabilities and deferred inflows with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The Statement of Net Position combines and

**City of Plano, Texas
Management's Discussion and Analysis (continued)
September 30, 2015**

consolidates governmental and business-type funds current financial resources (short-term spendable resources) with capital assets and long-term obligations. In order to assess the overall health or financial condition of the City, other non-financial factors should also be taken into consideration. These include changes in the City's property tax base and the condition of the City's infrastructure (i.e. roads, drainage improvements, storm and sewer lines, etc.).

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but not used vacation leave).

In the Statement of Net Position and the Statement of Activities, the City is divided into three types of activities:

- **Governmental activities** – Most of the City's basic services are reported here, including police, fire, libraries, development, public services and operations, parks and recreation, public works, technology services and general administration. Property taxes, sales taxes and franchise fees finance most of these activities.
- **Business-type activities** – The City charges a fee to customers in order to cover all or most of the cost of certain services the City provides. The City's water and sewer system, environmental waste system, municipal drainage system, civic center, municipal golf course, recreation revolving activities and downtown center development activities are reported as business-type activities.
- **Component unit** – The City includes one separate legal entity in its report – Tax Increment Financing District (TIF) East Side. Although legally separate, the City is financially accountable for the TIF.

The government-wide financial statements can be found on pages 16-18 of this report.

Fund Financial Statements

A fund is a self-balancing set of accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- **Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide statements, it is useful to compare the information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains twenty individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund, capital reserve fund, street improvements fund, and economic development fund, all of which are considered to be major funds.

City of Plano, Texas
Management's Discussion and Analysis (continued)
September 30, 2015

Data from the other fifteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental funds financial statements can be found on pages 19-24.

- **Proprietary funds.** The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer operations, environmental waste services, municipal drainage, Plano Centre, golf course, recreation centers, and downtown development. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses its internal service funds to account for its fleet services, risk management, employee health and disability programs, municipal warehouse and its information systems. Because these services predominately benefit government rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The City maintains seven individual enterprise funds. The proprietary fund financial statements provide separate information for the water and sewer, environmental waste services and municipal drainage functions, as they are considered major funds. Data from the remaining four enterprise funds are combined into a single, aggregated presentation. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 25-31 of this report.

- **Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 32 and 33 of this report.

- **Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 34-72 of this report.

- **Other information.** In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension and health benefits to its employees and retirees.

The required supplementary information can be found on pages 73-79 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds, nonmajor enterprise and internal service funds can be found on pages 80-110 of this report.

**City of Plano, Texas
Management's Discussion and Analysis (continued)
September 30, 2015**

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's combined net position was \$1.4 billion as of September 30, 2015. This analysis focuses on the net position (Table 1) and changes in net position (Table 2) of the City's governmental and business-type activities.

By far the largest portion of the City's net position (77.4 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

**Table 1
Net Position
(In Millions)**

	Governmental Activities		Business-type Activities		Total Primary Government	
	2015	2014	2015	2014	2015	2014
Current and other assets	\$ 400	\$ 378	\$ 115	\$ 110	\$ 515	\$ 488
Capital assets	991	954	386	376	1,377	1,330
Total assets	1,391	1,332	501	486	1,892	1,818
Deferred outflows	33	6	4	-	37	6
Noncurrent liabilities	448	364	30	22	478	386
Other liabilities	32	31	14	12	46	43
Total liabilities	480	395	44	34	524	429
Net position:						
Invested in capital assets, net of related debt	717	696	370	361	1,087	1,057
Restricted	47	32	3	2	50	34
Unrestricted	180	215	88	89	268	304
Total net position	\$ 944	\$ 943	\$ 461	\$ 452	\$ 1,405	\$ 1,395

An additional portion of the City's net position (3.5 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (19.1 percent) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true to the prior fiscal year.

The City's net position increased by \$67.9 million during the current fiscal year. Property tax revenues are higher over prior year by \$10.8 million as a result of higher assessed property values in the current year. For fiscal year 2016, the total appraised value will include an increase in new property coming on-line of \$536 million while existing property values are expected to increase by \$1.9 billion. Sales tax revenues increased over prior year by \$1.9 million as a result of greater business-to-business sales. Hotel/Motel tax revenues are higher over

City of Plano, Texas
Management's Discussion and Analysis (continued)
September 30, 2015

prior year by \$1.4 million primarily due to the addition of new hotels in the current year resulting in higher occupancy rates. Water and sewer service charges are higher over prior year by \$ 17.5 million as a result of increased consumption primarily attributable to less stringent water restrictions in the current year as well as a change in rate structure. Development charges for services increased over prior year by \$3.7 million due to an increase in single family residence permits and residential remodel permits. Additionally, GASB Statement No. 68 was implemented in fiscal year 2015 which records net pension assets and/or liabilities, deferred outflows and inflows of resources, as well as pension expense and contributions.

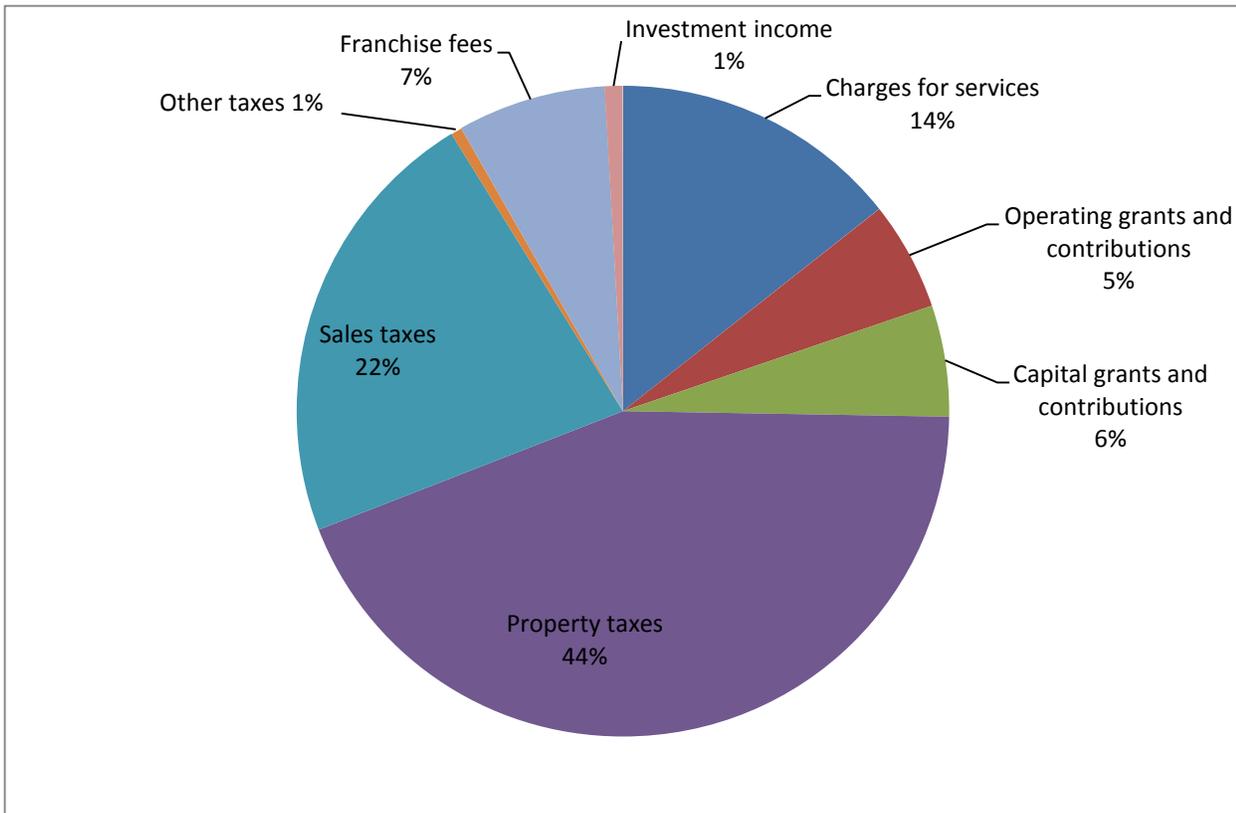

Governmental Activities

Governmental activities increased the City's net position by \$53.3 million, thereby accounting for 78.4 percent of the total growth in net position of the City. Key elements of this increase are as follows (Table 2):

Table 2
Change in Net Position
(in Thousands)

Revenues by Source – Governmental Activities

Program revenues were \$87.1 million, compared to \$70.4 million in fiscal year 2014. The breakdown of the increase is as follows:

- Charges for services for governmental activities increased \$5.9 million. Development charges for services increased over prior year by \$3.7 million due to an increase in single family residence permits and residential remodel permits.
- Operating grants and contributions increased \$3.3 million primarily due to receipt of federal funding related to criminal investigation activity of \$3.8 million.
- Capital grants increased \$7.5 million primarily due to increased developers' contributions as well as external agencies related to streets projects, as well as a larger volume of street projects funded through grant receipts.

General revenues increased from \$242.2 million in fiscal year 2014 to \$257.6 million in fiscal year 2015. Property tax revenues increased by \$10.8 million due to an increase in assessed valuations. For fiscal year 2016, the total appraised value will include an increase in new property coming on-line of \$536 million while existing property values are expected to increase by \$1.9 billion. Sales tax revenues increased over prior year by \$1.9 million as a result of greater business-to-business sales. Investment income increased \$1.7 million as a result of higher market adjustments in fiscal year 2015.

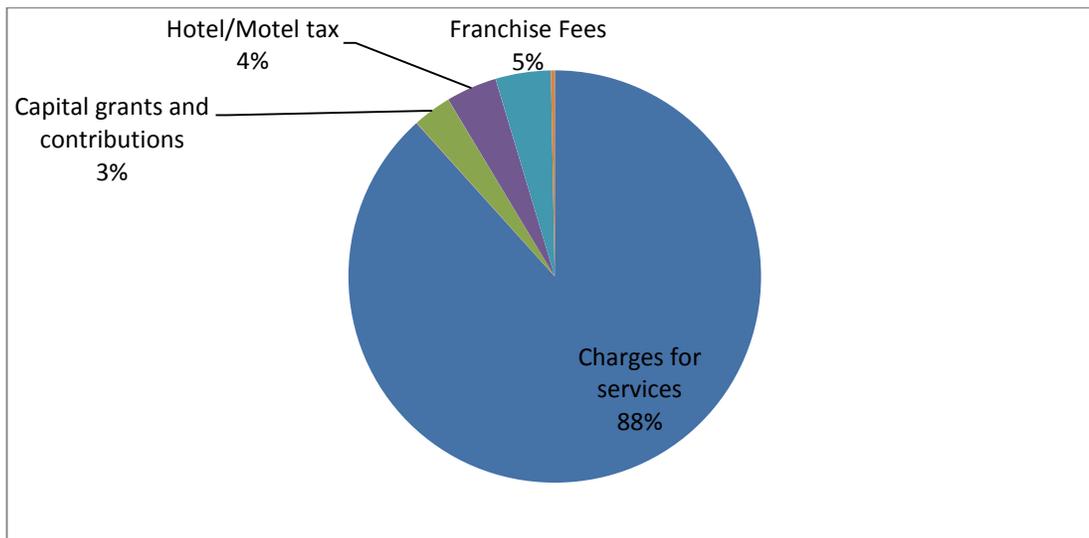

Overall, governmental activities expenses were \$302.0 million, an increase of \$1.3 million over the prior year which is the result of increased rollback taxes of \$1.1 million

Business-Type Activities

Revenues of the City's business-type activities were \$183.8 million for the fiscal year ended September 30, 2015. Revenues increased approximately \$21.7 million or 13.4 percent as compared to the prior fiscal year. Expenses for the City's business-type activities increased \$7.1 million or 4.7 percent. The increase in net revenues is the result of several factors, including the following:

- The City's water and sewer system recorded charges for services of \$132.1 million, an increase of \$17.5 million or 15.3 percent from the prior year primarily attributable to less stringent water restrictions in the current year as well as a change in rate structure. Additionally, developers' contributions were \$2.1 million higher in the current fiscal year.
- The City's environmental waste services activities operated with program expenses exceeding program revenues by \$5.8 million compared to \$6.5 million in fiscal year 2014. The City's percentage of contractual payments to North Texas Municipal Water District (NTMWD) increased \$968 thousand over the prior year. Payment is based on allocation of tonnage between member cities. Franchise fee revenue increased \$387 thousand due to an increase in collection fees and disposal volumes.
- The City's municipal drainage activity operated with charges for services exceeding expenses by \$2.6 million, compared to \$2.8 million in the prior year. The municipal drainage system recorded charges for services of \$7.2 million, a decrease of \$237 thousand due to a rate decrease in November 2014.
- The City's Plano Centre activity operated with expenses exceeding charges for services by \$6.9 million as compared to \$4.8 million in the prior fiscal year. Charges for services are reported at \$2.2 million, an increase of \$487 thousand due to a large event held in the current year and client shift in ordering additional concessions and catering services.

Revenues by Source – Business-Type Activities

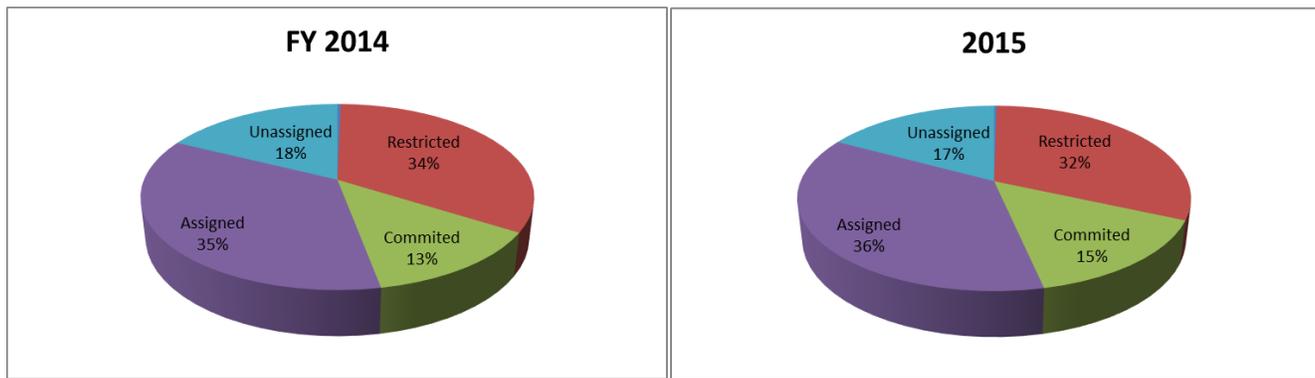

Financial Analysis of the City’s Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds – The focus of the City’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City’s financing requirements. In particular, unrestricted fund balances (unassigned, assigned, and committed) may serve as a useful measure of a government’s net resources available for spending in the next fiscal year.

At the end of the current fiscal year, the City’s governmental funds reported combined ending fund balances of \$272.3 million. Within this total \$83.5 million is restricted by specific legal requirements, such as by debt covenants, and \$142.8 million has been committed and assigned to specific types of expenditures. Unassigned fund balance is \$45.3 million and can be used for any lawful purpose. The remaining \$707 thousand is nonspendable.

The general fund is the chief operating fund of the City. The fund balance of the City’s general fund increased by \$279 thousand during the current fiscal year. Key factors in this increase are as follows:

- Expenditures increased \$11.2 million primarily due to a 3% across the board pay increase for non-civil and civil service employees, as well as the addition of 54 positions. Additionally, rollback taxes increased \$1.1 million over the prior fiscal year.
- The increases to expenditures are offset by increased revenue related to higher property and sales tax revenues of \$10.3 million and \$2.9 million, respectively. These increases are related to higher property valuations and increased business-to-business sales.

The debt service fund has a total fund balance of \$3.7 million, all of which is restricted for the payment of debt service. The debt service fund increased by \$361 thousand primarily because of the City’s refunding of general obligation debt.

The capital reserve fund balance of \$52.2 million is assigned for replacement and renewals of the City’s infrastructure. The capital reserve fund balance increased \$3.2 million from the prior year as the result of increased transfers from the general fund of \$4.0 million.

The street improvements fund balance of \$35.9 million is divided between restricted for street improvements (\$13.3 million), assigned to encumbrances (\$22.5 million) and nonspendable (\$60 thousand). The street improvements fund balance decreased \$4.9 million primarily due to increased capital outlay expenditures of \$6.7 million for various streets projects.

**City of Plano, Texas
Management's Discussion and Analysis (continued)
September 30, 2015**

The economic development incentive fund balance of \$41.2 million increased over prior year by \$7.1 million as a result of a decrease in expenditures over last fiscal year of \$1.9 million. Although fund balance increased compared to last year, contributions from the general fund decreased \$3.8 million.

Proprietary Funds – The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

- The City's Water and Sewer fund net position of \$407.3 million increased by \$10.8 million over the prior year. In the current fiscal year, total operating revenues increased by \$17.5 million primarily attributable to less stringent water restrictions in the current year as well as a change in rate structure.
- The City's Environmental Waste Services fund net position of \$3.4 million increased by \$844 thousand over the prior year primarily due to an increase in franchise fee revenue and an increase in landfill services expense. Franchise fee revenues increased as a result of higher collection fees and disposal volumes.
- The City's Municipal Drainage fund net position increased over the prior year by \$1.5 million. Although drainage rates decreased in November 2014, revenues were reported at \$7.2 million with operating expenses and transfers out of \$5.0 million.

General Fund Budgetary Highlights

During the current year, the actual on a budgetary basis expenditures were \$237.6 million compared to the re-estimated final budget amount of \$240.6 million. Actual expenditures on a budgetary basis were \$2.6 million lower than the original budget implemented for fiscal year 2015 and \$3.0 million lower as compared to the re-estimate final. Decreases were due to continued prudent spending by the various departments, as well as salary savings from the original budget.

For fiscal year 2015, the actual on a budgetary basis revenues were \$244.4 million as compared to the re-estimated final budget amount and original budget amount of \$239.2 million and \$231.0 million, respectively. The primary reason for the increase in actual revenue compared to the re-estimated budget is related to a \$4.2 million increase in sales tax revenue as a result of the slight improvement in the local economy. The City Council has capped the amount that can be budgeted for sales tax revenue based upon a rolling three-year average, which is \$72.7 million.

The City has an actual on budgetary basis general fund balance of \$46.7 million as of the fiscal year-end, compared to the re-estimated budget fund balance and original budget fund balance of \$35.8 million and \$31.0 million, respectively. The variance in fund balance is primarily due to the aforementioned variance in sales tax and continued prudent spending by the departments.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of the fiscal year 2015, the City had \$1.4 billion invested in a broad range of capital assets, including police and fire equipment, buildings, park facilities, roads, bridges, and water and sewer lines (Table 3). This amount represents a net increase (including additions and deductions) of \$46.9 million over the prior fiscal year.

This year's major capital outlay additions for governmental capital projects included (in millions):

Park development and improvements	\$ 9.9
Recreational trail connections development	2.1
Athletic field renovations	2.9
Reconstruction of existing street pavement and sidewalks at various locations	3.7
Various intersection improvements	14.0
Residential street and alley repairs	2.5
Repair screening walls	1.2
Arterial concrete repair	4.3
Arterial joint sealing program	1.7
Rehabilitation of stadium pump station	8.6
Infiltration and inflow repairs	2.0
Creek erosion improvements	1.0
Repaint elevated storage tanks	1.1
Municipal center renovations	1.5
Evidence storage facility	2.4
Radio replacement	7.1
	\$ 66.0

The City's fiscal year 2016 general obligation capital budget includes \$79.1 million for capital projects, principally for four major categories: street improvements and enhancements, parks and recreation, municipal facilities and public infrastructure improvements. An additional \$40 million in general obligation bond proceeds will be required to support the entire 2014-2015 general obligation capital investment program.

**City of Plano, Texas
Management's Discussion and Analysis (continued)
September 30, 2015**

Street Improvements and Enhancements. The City plans to spend \$39.7 million on street improvements and enhancements including \$3.0 million for Headquarters at Communications intersection reconfiguration, \$2.6 million for intersection improvements at Plano Parkway and Los Rios Boulevard, \$2.3 million for Park Boulevard corridor improvements, \$2.0 million for Split Trail improvements, \$2.0 million for construction at Windhaven at the city limit to Spring Creek, \$2.0 million for bridge inspections and repairs and \$11.8 million for construction of corridor improvements along major thoroughfares. The remaining funds for street improvements are for a variety of projects.

Parks and Recreation. Estimated expenditures for parks and recreation facilities are \$29.1 million including \$5.9 million for the addition of a pool at Carpenter Recreation Center, \$4.0 million for renovation of Jack Carter Pool, \$4.0 million for Oak Point Park and Nature Preserve improvements, \$4.0 million for various park improvements, \$3.2 million for maintenance of the Enfield Park facility, and \$3.0 million for various recreational trail improvements. The remaining funds for park improvements are for a variety of projects.

Municipal Facilities. Estimated expenditures for municipal facilities are \$4.2 million including \$3.5 million for fire station and fire administration renovations.

Public Infrastructure Improvement. Estimated expenditures of \$6.0 million to improve publicly owned infrastructure that serves commercial areas, such as streets, utilities and open spaces, in coordination with private development and reinvestment in commercial properties. Funds are intended to improve older areas of Plano by enhancing existing infrastructure so further economic development becomes attractive to private firms and investors.

More detailed information about the City's capital asset activity is presented in Note 4 to the financial statements.

Debt

At year-end, the City had \$339.2 million in bonds and tax anticipation notes outstanding as compared to \$337.4 million at the end of the prior fiscal year, an increase of 0.5 percent – as shown in Table 4.

**Table 4
Outstanding Debt, at Year-end
(in Thousands)**

	Governmental Activities		Business-type Activities		Totals	
	2015	2014	2015	2014	2015	2014
General obligation bonds and tax anticipation notes (backed by the City)	\$322,852	\$319,362	\$ -	\$ -	\$322,852	\$ 319,362
Revenue bonds (backed by fee revenues)	-	-	16,368	18,016	16,368	18,016
Totals	\$322,852	\$319,362	\$ 16,368	\$ 18,016	\$339,220	\$ 337,378

During the current fiscal year, the City issued \$30.1 million in new general obligation bonds and tax anticipation notes and refunded \$51.3 million of general obligation debt. Additionally, the City refunded \$7.1 million in municipal drainage revenue bonds in fiscal year 2015.

**City of Plano, Texas
Management's Discussion and Analysis (continued)
September 30, 2015**

The City's general obligation bonds and tax notes continue to carry an "AAA" rating, the highest rating possible. This rating has been assigned to the City's tax-supported debt since February 2000, by Moody's Investor Service, Standard & Poor's and Fitch, Inc. The City's drainage revenue bonds carry Aa2 and AAA ratings, as assigned by two of the national rating agencies. The City is permitted by Article XI, Section 5, of the State of Texas Constitution to levy taxes up to \$2.50 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation long-term debt.

The City maintains a self-insurance program for general liability, public officials' errors and omission, police professional liability, property loss and workers' compensation. The City has claims and judgments of \$5.9 million outstanding at year-end compared with \$6.5 million at the end of the prior fiscal year. Claims and judgements of \$3.8 million relate to property/liability losses while \$2.1 million relate to health claims which are \$511 thousand lower than prior year. Other obligations include accrued vacation pay and sick leave. More detailed information about the City's long-term liabilities is presented in Note 6 to the financial statements.

ECONOMIC FACTORS AND NEXT YEARS BUDGETS AND RATES

In addition to the economy, the City's elected and appointed officials addressed a variety of factors, departmental requests and public input when setting the budget and tax rates for fiscal year 2016. The focus of the 2016 budget is to address increased service demands from citizens, revitalize city infrastructure, and utilize revenues provided by increased property values and sales tax receipts to enhance public safety programs, reinvest in residential neighborhoods and address a backlog in major capital projects from the economic downturn.

The largest single revenue source in the fiscal year 2016 General Fund Budget is property taxes, which account for 42.0% of total revenues. Assessed property values in Plano increased 8.5% from the prior year, including \$536 million in new property entering the tax roll for the first time. Sales tax revenue remains the City's second largest revenue source, making up 27.6% of General Fund revenues.

Water expenditure projections are up primarily due to increased water and wastewater treatment increases from North Texas Municipal Water District (NTMWD). The significant increase in the water rate is to pay for debt service associated with capital improvements associated with aging infrastructure related to NTMWD's water treatment operations, as well as establishing future water supplies to meet the growing regional demand. As a result of increased expenses for NTMWD, budgeted water rates will be evaluated and increased accordingly.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City Controller's Office, at City of Plano, 1520 Avenue K, Suite 370, Plano, Texas 75074.

**CITY OF PLANO, TEXAS
RECONCILIATION OF THE STATEMENT OF NET POSITION
OF GOVERNMENTAL FUNDS
TO THE BALANCE SHEET
AS OF SEPTEMBER 30, 2015**

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balance per balance sheet	\$ 272,337,323
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	955,321,921
Deferred outflows represent a consumption of net position that applies to future periods and therefore will not be recognized as an outflow of resources until then. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.	7,499,030
Net pension asset and deferred outflows related to pensions.	34,925,181
Other long-term assets are not available to pay for current-period expenditures, and, therefore, are deferred in the funds.	22,590,250
Internal service funds are used by management to charge the costs of fleet management, property liability loss, health claims and municipal warehouse to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	81,810,763
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.	(363,005,737)
Deferred inflows represent an acquisition of net position that applies to future periods. The amount is unavailable and deferred at the fund level but recognized as revenue in the governmental activities.	11,650,301
Net pension liability and deferred inflows related to pensions.	(79,257,210)
Net position of governmental activities	<u>\$ 943,871,822</u>

**CITY OF PLANO, TEXAS
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2015**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds	\$ 12,691,053
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	30,550,378
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	8,157,333
The issuance of long-term debt (e.g., bonds, tax anticipation notes) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(4,952,526)
Other long-term liabilities related to pension expense and contributions, are not due and payable in the current period and therefore, are not reported in governmental funds.	6,467,778
Other long-term liabilities related to pension expense in internal service funds.	377,827
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	1,753,109
Internal service funds are used by management to charge the costs of fleet management, property liability loss, health claims and municipal warehouse to individual funds. The net expenses of certain activities of internal service funds is reported within governmental activities.	(1,767,738)
Grant revenue included in the special revenue funds which are used for the benefit of business-type activities. The net expenses of certain activities are reported within the business-type activities.	(16,538)
Change in net position of governmental activities	<u>\$ 53,260,676</u>

The notes to the financial statements are an integral part of this statement.

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The City was originally incorporated in 1873 and chartered on June 10, 1961, and is a municipal corporation incorporated under provisions of H.B. 901 of the Texas Legislature. The City operates under a Council-Manager form of government and provides such services as authorized by its charter to advance the welfare, health, comfort, safety and convenience of the City and its inhabitants.

The accounting and reporting policies of the City relating to the funds included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America (GAAP) applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled *State and Local Governments – Audit and Accounting Guide* and by the Financial Accounting Standards Board when applicable. The significant accounting policies of the City are described below.

A. Financial Statement Presentation

The basic financial statements are prepared in conformity with GAAP, which requires the government-wide financial statements to be prepared using the accrual basis of accounting and the economic resources measurement focus. Government-wide financial statements do not provide information by fund, but distinguish between the City's governmental activities, business-type activities and activities of its discretely presented component unit on the statement of net position and statement of activities. The City's statement of net position includes both noncurrent assets and noncurrent liabilities of the City. In addition, the government-wide statement of activities reflects depreciation expense on the City's capital assets, including infrastructure.

In addition to the government-wide financial statements, the City has prepared fund financial statements, which use the modified accrual basis of accounting and the current financial resources measurement focus for the governmental funds. The accrual basis of accounting is utilized by proprietary fund types and the pension trust and postemployment benefits trust funds. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The Management's Discussion and Analysis provides an analytical overview of the City's financial activities. In addition, a budgetary comparison statement is presented that compares the original adopted and final amended General Fund and Debt Service Fund budgets with actual results. The City does not have any Special Revenue funds with legally adopted budgets.

B. Reporting Entity

The City is governed by an elected mayor and seven-member council. As required by GAAP, these financial statements present the City (the primary government) and its component unit, an entity for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations and data from these units are combined with data of the primary government. A discretely presented component unit, on the other hand, is reported in a separate column in the government-wide financial statements to emphasize it is legally separate from the City. The criteria for including organizations as component units within the City's reporting entity, as set forth in Section

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name);
- the City appoints a voting majority of the organization's board;
- the City is able to impose its will on the organization;
- the organization has the potential to impose a financial benefit/burden on the City; and
- there is fiscal dependency by the organization on the City.

Discretely Presented Component Unit.

The City has established a Tax Increment Financing district (TIF) for project improvements within the City. The TIF provides financing for public improvements associated with the future development of East Plano. The project was approved by the City Council in fiscal year 1999. The TIF is legally separate from the City, and the City appoints a majority of its governing board for the TIF; however, the entity is fiscally dependent on the City. In fiscal year 2014, the City passed an ordinance to extend the termination date for an additional 15 years. The additional 15 year term will include participation with the City, as well as Collin County. All taxing entities, including the Plano Independent School District, Collin College and Collin County continued to participate through the initial term which expired December 31, 2014.

Blended Component Unit.

In fiscal year 2015, the City established a Public Improvement District (PID) for project improvements and services for the Downtown Plano area, which benefits the primary government. The PID was approved in October 2014. The PID is utilized to provide additional improvements and services in Downtown Plano where funding is derived from a special assessment paid by downtown property owners and based on a property's taxable value. Chapter 372 of the Texas Local Government Code allows City Council to establish an advisory board for the PID, which has the responsibility of developing the improvement plan for the PID. The advisory board must consist of the property owners. Additionally, an executive committee is comprised of three property owners representing the greatest appraised property values, plus five other members to be elected by the entire advisory board. The executive committee shall prepare a service plan and assessment plan for consideration of the advisory board, whose recommendation shall be presented to the City Council for review and approval.

Related Organization.

The City's mayor appoints the board of the Plano Housing Authority, but the City's accountability for this organization does not extend beyond making the appointments. Thus, they are not included in the primary government or as a discretely presented component unit.

The financial statements are formatted to allow the user to clearly distinguish between primary government and its discretely presented component unit.

C. Implementation of New Accounting Pronouncement Related to Pensions

During fiscal year 2015, the City adopted the following Governmental Accounting Standards Board (GASB) Statements:

GASB Statement No. 67, "*Financial Reporting for Pension Plans; an amendment of GASB Statement No. 25*," which replaces the requirements of Statements No. 25 and No. 50 related to pension plans that are administered through trust or equivalent arrangements. The requirements of Statements No. 25 and No. 50 remain applicable to pension plans that are not administered through trust or equivalent arrangements. GASB Statement No. 67 was implemented December 31, 2014 for the Retirement Security Plan (RSP) as is

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

available in a separately issued report. The adoption of Statement No. 67 has no impact on the City's financial statements.

GASB Statement No. 68, "Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27," was implemented as required by GASB during fiscal year ending September 30, 2015. The objective of this statement is to improve accounting and financial reporting by state and local government pensions and improve the decision-usefulness of information in contributing entity financial reports and to enhance its value for assessing accountability and interperiod equity by requiring recognition of the entire net pension liability and a more comprehensive measure of pension expense. This statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, and deferred inflows of resources, and expense/expenditures. Note disclosure and required supplementary information requirements about pensions also are addressed. This statement requires the asset or liability of employer and nonemployer contributing entities to employees for defined-benefit pensions (net pension asset/liability) to be measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plan's fiduciary net position. This Statement impacts the City's Texas Municipal Retirement System Plan (TMRS) and RSP.

GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68," was implemented and amends paragraph 137 of Statement No. 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability.

With the implementation of these statements, a restatement of the City's government-wide financial statements was made to reflect beginning net pension liability (TMRS) and asset (RSP), as well as the beginning deferred outflow of resources for contributions made between the start of the measurement period of the pension system and the City's prior fiscal year end. The restatement to beginning net position is noted below and reflected on the government-wide statements.

	Government-wide Statement of Activities	
	<u>Governmental Activities</u>	<u>Business-type Activities</u>
Net position at 10/1/14	\$ 942,763,667	\$ 452,567,428
Change in reporting for pensions	(52,152,521)	(6,305,950)
Net position restated at 10/1/14	<u>\$ 890,611,146</u>	<u>\$ 446,261,478</u>

D. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements; the focus is either the City as a whole or major individual funds (within the fund financial statements). The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component unit. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. The exception to this general rule is interfund services provided by the internal service funds. Elimination of these charges would distort the direct costs reported for the various functions concerned. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a functional category (e.g., police, fire, public works, etc.) or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

privileges provided by a given function or segment, 2) grants and contributions that are restricted to meeting the operational requirements of a particular function or segment and 3) grants and contributions that are restricted to meeting the capital requirements of a particular function or segment. Taxes and other items properly excluded from program revenues are reported instead as general revenues.

The net cost (by function or business-type activity) is normally covered by general revenue (property and sales taxes, franchise fees and interest income).

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The major governmental funds are the general fund, debt service fund, capital reserve fund, street improvements fund and economic development incentive fund. The major enterprise funds are the water and sewer fund, environmental waste services fund and municipal drainage fund. GASB Statement No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category for the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a separate column in the fund financial statements.

Internal Service Funds, which traditionally provide services primarily to other funds of the government, are presented in the summary form as part of the proprietary fund financial statements. Because the principal users of the internal services are the City's governmental activities, financial statements of internal service funds are consolidated into the governmental column when presented at the government-wide level. To the extent possible, the cost of these services is reflected in the appropriate functional activity (e.g., police, fire, public works, etc.). The City's internal service funds consist of the equipment maintenance and replacement, municipal warehouse, technology services, property liability loss and health claims funds.

The City's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third-party (other local governments, individuals, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements. The City's fiduciary funds consist of funds that account for the pension trust, postemployment benefits trust, developers' escrow and unclaimed property.

The government-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal year. The focus of the fund financial statements is on the major individual funds of the governmental and proprietary categories, as well as the fiduciary funds (by category). Each presentation provides valuable information that can be analyzed and compared to enhance the usefulness of the information.

E. Measurement Focus and Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund statements. The economic resources measurement focus means all assets and liabilities (whether current or noncurrent) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized when earned, including unbilled water and sewer services, which are accrued. Expenses are recognized at the time the liability is incurred.

Government fund level financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, in other words, as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

revenues to be available if they are collected within 30 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the obligation has matured and is due and payable shortly after year-end as required by GASB Interpretation No. 6.

Ad valorem, franchise and sales tax revenues recorded in the General Fund and ad valorem tax revenues recorded in the Debt Service Fund are recognized under the susceptible to accrual concept. Licenses and permits, charges for services, fines and forfeitures, contributions and miscellaneous revenues are recorded as revenues when received in cash, as the resulting receivable is not measurable. Investment earnings are recorded as earned since they are measurable and available. In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. Intergovernmental grant revenues are recognized when all eligibility requirements have been met. Additionally, funds received in advance for which all eligibility requirements have not been met are considered unearned revenue.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as needed.

Paving assessments in the Street Improvements Fund are recorded as revenues when cash is received. The assessments are due in annual installments, including interest, over a four to eight year period. The assessments are measurable when assessed but are generally not available for use when assessed. Unallocated assessments are recorded as unearned revenue.

Business-type activities and all proprietary funds, and the pension trust and postemployment benefits trust funds, are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and deferred outflows, liabilities and deferred inflows associated with the operation of these funds are included on the balance sheet. Proprietary fund-type operating statements present increases (revenues) and decreases (expenses) in net total position. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's water and sewer, environmental waste services, municipal drainage, civic center, municipal golf course, downtown center development and recreation revolving funds are charges to customers for sales and services. Operating expenses for the enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The following major funds are used by the City:

1. Governmental Funds:

The focus of governmental fund measurement (in the fund financial statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the major governmental funds of the City:

- a. The General Fund accounts for several of the City's primary services (e.g., police, fire, public works, libraries, parks and recreation, etc.) and is the primary operating unit of the City.
- b. The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.
- c. The Capital Reserve Fund accounts for the financing of betterments and renewals to the City's infrastructure and for public improvements not requiring general obligation bond financing.

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

- d. The Street Improvements Fund accounts for the financing and acquisition of right of way and construction of streets, storm sewers and alleys. Funds are provided primarily through bond sales, paving assessments and interest earnings.
- e. The Economic Development Incentive Fund accounts for \$0.02 of ad valorem revenue designated by the City Council for stimulating economic development for the City through usage of 380 agreements and tax incentives.
- f. Other Governmental Funds is a summarization of all of the nonmajor governmental funds.

2. Enterprise Funds:

The focus of proprietary funds measurement is upon determination of operating income, changes in net position, financial position, and cash flows, which is similar to businesses. The following is a description of the major Enterprise Funds of the City:

- a. The Water and Sewer Fund accounts for the operation of the City's water and sewer utilities. Activities of the fund include administration, operation and maintenance of the water and sewer system and billing and collection activities. All costs are financed through charges made to utility customers with rates reviewed regularly and adjusted if necessary to ensure financial integrity of the fund.
- b. The Environmental Waste Services Fund accounts for the provision of environmental services to customers who are billed monthly at a rate sufficient to cover the cost of providing such services.
- c. The Municipal Drainage Fund accounts for the City's storm water management program.
- d. Other Enterprise Funds are a summarization of all of the nonmajor enterprise funds.

3. Other Fund Types:

The City additionally reports for the following fund types:

- a. Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, generally on a cost-reimbursement basis.
- b. Agency funds are used to account for assets held by the City in an agency capacity for individuals (Unclaimed property) or developers (Developers' escrow). Agency funds record only assets and liabilities and therefore have no measurement focus.
- c. Trust funds are used to account for the accumulation of resources to be used for the retirement benefit payments to employees of the City and for postemployment health benefits.

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

F. Cash, Cash Equivalents and Investments

Cash and cash equivalents include cash on hand, demand deposits, escrow cash with a fiscal agent and short-term investments with original maturities of three months or less from the date of acquisition.

Cash and cash equivalents for government-wide funds are combined into one bank account in order to maximize investment opportunities. Although individual funds may experience temporary overdraft liabilities, a positive balance is maintained in combined cash.

All investments are recorded at fair value based on quoted market prices, except for certificates of deposit and government agencies, which are recorded at amortized cost. Amortized cost approximates fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties.

G. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either interfund advances or interfund receivable/payable. All other outstanding balances between funds are reported as due to/from other funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

H. Inventories, Prepaid Items and Other Assets

Inventories of supplies are maintained at the City warehouse for use by all the City funds and are accounted for by the consumption method. They are valued at the lower of moving average (i.e., perpetual inventory) cost or market. Unit prices are adjusted as new inventory is added; thus, the moving average cost closely represents the cost of goods sold. Other inventories are stated at the lower of cost (i.e., first-in, first-out method) or market.

Prepaid items are for payments made by the City in the current year to receive services occurring in the subsequent fiscal year, utilizing the consumption method. Inventories and prepaid items are reflected as nonspendable fund balance in the governmental funds.

The other assets category consists of other postemployment benefits.

I. Interfund Transactions and Receivables and Payables

Short-term advances between funds are accounted for in the appropriate interfund receivable and payable accounts. Long-term advances between funds are accounted for in the appropriate interfund receivable and payable accounts and fund balance is nonspendable for these amounts. All legally authorized transfers are appropriately treated as transfers and are included in the results of operations of both governmental and proprietary funds. Nonrecurring or nonroutine transfers of equity between funds – for example, contribution of capital assets to a proprietary fund or transfers of residual balances of discontinued funds to other funds – are accounted for as transfers.

**CITY OF PLANO, TEXAS
 NOTES TO BASIC FINANCIAL STATEMENTS (continued)
 SEPTEMBER 30, 2015**

J. Capital Assets

Property, plant and equipment purchased or acquired are carried at historical cost or estimated historical cost. Contributed capital assets are recorded at estimated fair market value at the time received. Public domain (infrastructure) capital assets consisting of roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems have been recorded at estimated historical cost. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. For fiscal year 2015, \$88,483 of such interest costs were capitalized in the Municipal Drainage Fund.

Property, plant and equipment of the primary government and business-type activities are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	15 – 40
Improvements other than buildings	20 – 50
Equipment	2 – 10
Furniture and fixtures	5 – 10
Drainage improvements	50
Meters	10
Storm/sanitary sewer	50
System infrastructure	30 – 50

K. Compensated Absences

City employees are granted vacation and sick leave in varying amounts. Employees are required to utilize a minimum of 40 hours of vacation per year. Upon termination and completion of five years of service, an employee is reimbursed for accumulated vacation. Vacation leave in excess of 480 hours will not be reimbursed upon termination. Police and firefighters are reimbursed upon termination up to a maximum of 90 days accumulated sick leave as required by state civil service law. All other full-time City employees with five or more years of service are reimbursed up to 90 days accumulated sick leave upon termination. Sick leave in excess of 90 days is not paid upon termination, but will be paid only upon illness while in the employment of the City. Accumulated vacation and sick leave is accrued when incurred in the government-wide and proprietary financial statements.

L. Federal and State Grants

Grants and shared revenues are generally accounted for within the fund financed. Federal grants are from various federal agencies including the Departments of Energy and Transportation, Housing and Urban Development, Justice and Homeland Security, which are accounted for within the Grant Fund (Special Revenue) and Street Improvements Fund (Capital Projects). Various state grants are also included in the Grant Fund and Street Improvements Funds. Grant revenues received for purposes normally financed through the general government are accounted for within the General Fund and those for specific purposes in the special revenue funds.

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

M. Deferred Inflows/Outflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has three items that qualify in this category. First, the deferred charge on refunding reported in the government-wide Statement of Net Position. The deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunding or the refunded debt. Second, the City's pension plan contributions made from the measurement date of the pension plan to the current fiscal year end are deferred and will be recognized in the subsequent fiscal year end. The last deferred outflow is the difference between projected and actual investment earnings that are amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City has two items that qualify in this category, which arise only under a modified accrual basis of accounting. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. As a component of implementing GASB Statement No. 68, a deferred inflow is recorded in the government-wide Statement of Net Position and fund level financials for the proprietary Statements of Net Position for the difference in projected and actual experience in the actuarial measurement of the total pension liability not recognized in the current year. The amount is deferred and amortized over a period of years determined by the Plan actuary. The differences are amortized over the average remaining service life of all participants in the respective pension plan and recorded as a component of pension expense beginning with the period in which they are incurred.

Deferred outflows of resources are used to report consumptions of net position by the City that are applicable to a future reporting period. Deferred inflows of resources are used to report acquisitions of net position by the City that are applicable to future reporting periods. The deferred inflow is reclassified to revenue on the government-wide financial statements.

N. Long-Term Debt

General obligation bonds issued for general government capital projects that are to be repaid from tax revenues of the City are recorded in the government-wide statement of net position. Revenue bonds issued for proprietary fund assets that are to be repaid by the proprietary fund are recorded in the proprietary funds.

Revenue bonds have been issued to fund capital projects of proprietary funds. Such bonds are to be repaid from the net revenues of the applicable proprietary fund. To date, revenue bonds have been issued for municipal drainage improvements. Tax anticipation notes have been issued to fund permanent public improvements related to public safety communications and network infrastructure. Such notes are to be repaid from tax revenues of the City and are recorded in the government-wide statement of net position.

Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective-interest method in the government-wide financial statements. Issuance costs are recognized as an expense in the period incurred. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as well as issuance costs in the current period. The face amount of the debt issued is reflected as other financing sources. Premiums are reported as other financing sources while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**CITY OF PLANO, TEXAS
 NOTES TO BASIC FINANCIAL STATEMENTS (continued)
 SEPTEMBER 30, 2015**

O. Retirement Plans

The City has two separate retirement plans, TMRS and RSP, covering substantially all employees. In addition, the City has a deferred compensation plan and a postemployment benefit plan. It is the City's policy to record the cost for such plans on the accrual basis (See Note 5).

P. Net Position

In the government-wide and proprietary funds financial statements, the net position is reported in three components: (1) net investment in capital assets; (2) restricted; and (3) unrestricted. Net investment in capital assets represents the City's total investment in capital assets, net of depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvements of those assets. The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$(363,005,737) difference are as follows:

Bonds and tax anticipation notes payable	\$ (300,470,000)
Add: Premium	(22,382,271)
Accrued interest payable	(1,062,847)
Compensated absences	(39,090,619)
	<hr/>
Net adjustment to reduce fund balance - total governmental funds to arrive at net position - governmental activities	<u>\$ (363,005,737)</u>

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of the reconciliation explains, “Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense.” The details of the \$30,550,378 difference are as follows:

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

Capital outlay	\$ 79,259,135
Depreciation expense	(47,680,029)
Other capital-related transactions	<u>(1,028,728)</u>

Net adjustment to decrease net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 30,550,378</u>
--	----------------------

Another element of the reconciliation states, "The issuance of long-term debt (e.g., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this \$(4,952,526) difference are as follows:

Bonds issued:	
New money	\$ (30,130,000)
Refunded bonds	(51,300,000)
Premium	(10,503,390)
Difference in refunded principal/interest and escrow deposit	252,332
Payment to escrow agent	57,298,532
Principal payments	<u>29,430,000</u>

Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ (4,952,526)</u>
--	-----------------------

The reconciliation also states, "Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore are not reported as expenditures in governmental funds." The details of this \$1,753,109 difference are as follows:

Changes in:	
Compensated absences	\$ (1,646,510)
Accrued interest	(17,757)
Amortization of deferred charge on refunding	(1,142,167)
Amortization of bond premium	4,418,387
Change in net OPEB asset	<u>141,156</u>

Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 1,753,109</u>
--	---------------------

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Legal Compliance - Budgets

The City Charter contains the following requirements, which are adhered to by the City Council, regarding preparation of the annual budget:

- The City Manager, between 60 and 90 days prior to October 1 of each fiscal year, shall submit to the Council a proposed budget. Such budget shall provide a complete financial plan for the fiscal year.
- At the meeting of the City Council at which the budget is submitted, the City Council shall fix the time and place of a public hearing on the budget and shall cause to be published in the official newspaper

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

of the City, a notice of the hearing setting forth the time and place thereof at least five days before the date of such hearing.

- The budget shall be finally adopted no later than 15 days prior to the beginning of the fiscal year and should the City Council fail to so adopt a budget, the then existing budget together with its tax-levying ordinance and its appropriation ordinance, shall be deemed adopted for the ensuing fiscal year.

The City Council approves annual appropriations for operations and interfund transfers for all operating and debt service funds. Only the General Fund and Debt Service Fund have legally adopted annual budgets. The City Manager has the authority to transfer unexpended balances between departmental budgets within appropriated funds. The City Council, however, must approve any increase in fund appropriations. The legal level of budgetary control is the fund level. During the year, there were no appropriation increases for the General Fund. Funds with operating appropriations and interfund transfers set by ordinance include the General Fund and Debt Service Fund. During the year, appropriations are adjusted as a result of re-estimates by the departments. For budgetary purposes, unencumbered appropriations lapse at fiscal year-end.

Budgets and Budgetary Basis of Accounting

The Budgetary Comparison Statement, included in the basic financial statements, presents a comparison of budgetary data to actual results of operations for the General Fund, for which an annual operating budget is legally adopted. This fund utilizes the same basis of accounting for both budgetary purposes and actual results, with the following exceptions:

The portion of ad valorem tax revenues in the General Fund from “rolled back” tax payments (those taxes, up to five years back, on properties previously taxed at special use exemption values and currently changed to full values) are excluded from the budgetary basis tax revenues and from the general governmental expenditures.

The General Fund encumbrances are added to the actual expenditures for budgetary comparison.

For the year ended September 30, 2015, the Dallas Area Rapid Transit (DART) Fund reported a net deficit of \$(441,228) due to timing of reimbursement requests to the DART organization.

Nature and Purpose of Classifications of Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Fund balance should be reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provision or enabling legislation. Fund balance should be reported as committed when amounts can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. Committed fund balance also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. Fund balance should be reported as assigned for amounts that are constrained by the government’s intent to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by the governing body itself or a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. Unassigned fund balance is the residual classification for the general fund and includes amounts that are available for any purpose. Positive amounts are reported only in the general fund.

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

The details of fund balance classifications for other governmental funds are as follows:

Restricted for:	
Other Capital Projects:	
Municipal facilities fund	\$ 8,040,038
Park improvements fund	20,759,047
Public Infrastructure	<u>3,488,175</u>
	<u>\$ 32,287,260</u>
Special Revenue funds:	
Criminal investigation fund	\$ 5,468,768
Grant fund	160,139
PTN fund	1,616,682
Public safety communications fund	14,727,084
Municipal court fund	11,618,784
Memorial library fund	370,649
Libraries fund	36,532
Animal shelter donations fund	<u>143,757</u>
	<u>\$ 34,142,395</u>
Blended Component Unit:	
PID	\$ 69,287
	<u>\$ 69,287</u>
Assigned to:	
Other Capital Projects:	
Municipal facilities fund	\$ 7,390,471
Park improvement fund	8,808,434
Park services fund	<u>5,318,552</u>
	<u>\$ 21,517,457</u>
Nonspendable:	
Special Revenue funds:	
Grant fund	\$ 2,300
PTN fund	127,430
Municipal court fund	<u>9,900</u>
	<u>\$ 139,630</u>
Unassigned:	
Other Capital Projects:	
DART	\$ (441,228)
	<u>\$ (441,228)</u>

The City Council is the City's highest level of decision-making authority and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the City Council. This can also be done through adoption or amendment of the budget. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period.

The City Council has authorized the City Manager as the official authorized to assign fund balance. Such assignments cannot exceed the available (spendable, unrestricted, and uncommitted) fund balance in any particular fund.

When multiple categories of fund balance are available for expenditure (for example, a construction project is being funded partly by a grant, funds set aside by the City Council, and unassigned fund balance), the City will start with the most restricted category and spend those funds first before the next category with available funds.

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

It is the desire of the City to maintain adequate general fund balance to maintain liquidity and in anticipation of economic downturns or natural disasters. The City Council has adopted a financial standard to maintain a general fund minimum unassigned fund balance of 30 days working capital.

IV. DETAILED NOTES ON ALL FUNDS

1. DEPOSITS AND INVESTMENTS:

Deposits

Pursuant to provisions of both the Texas Public Funds Investment Act (PFIA) and the Public Funds Investment Policy of the City, all deposits of the City that exceed the federal depository insurance coverage level are collateralized with an irrevocable letter of credit at 100% or by securities held by a third party custodian and pledged to the City in an amount not less than 102% (on a market value basis) of the City's deposit of public funds and any accrued interest.

At September 30, 2015, the carrying amount of the City's demand deposits was \$58,632,353, which includes component unit deposits of \$1,263,390. The bank balance was \$60,786,611. At September 30, 2015, the City's cash on hand totaled \$886,745. At September 30, 2015, the carrying value and the bank balance of the City's non-negotiable certificates of deposit (CD's) and Texas Term (a fixed-rate, fixed term portfolio) was \$39,960,156 and \$5,000,000, respectively. At September 30, 2015 the carrying value of cash held in trust by a bank trust department for the City's Postemployment Benefit Trust Fund was \$965,109. At December 31, 2014 the carrying value of cash held in trust by a bank trust department for the City's Retirement Security Plan was \$1,094,789.

* Fair-value basis

** Texas Local Government Investment Pool is reported under cash equivalent on the Government-wide Statement of Net Position

Investments in both the Retirement Security Plan and the Postemployment Benefit Trust Fund are held by a bank trust department, apart from the overall City's cash and investments. The City has contracted with a bank trust department to manage the investment portfolio of the Retirement Security Plan and Postemployment Benefit Trust Fund. The investments are subject to the policies and guidelines established by the Retirement Security Plan and Postemployment Benefit Trust Fund committee members.

The City is authorized to invest in: (1) obligations of, or guaranteed by governmental entities; (2) certificates of deposit, issued by a depository institution that has its main office or branch in Texas; (3) fully collateralized repurchase agreements having a defined termination date; (4) commercial paper having a stated maturity of 270 days or fewer and is rated not less than A-1 or P-1 or an equivalent rating by at least two nationally recognized credit rating agencies or one nationally recognized credit rating agency and is fully secured by an irrevocable letter of credit issued by a bank organized and existing under the laws of the United States or any state; (5) no-load money market mutual funds registered and regulated by the SEC having a dollar-weighted average stated maturity of 90 days or fewer; no-load mutual funds registered with the SEC, having an average weighted maturity of less than two years and continuously rated of not less than AAA or its equivalent; and (6) eligible investment pools that invest in instruments and follow practices allowed by current law as defined by PFIA, provided that each investment meets guidelines set forth by the City's investment policy.

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from increasing interest rates, the City's investment policy establishes the portfolio's maximum average dollar-weighted maturity of no more than two and a half years. By policy, the City will not directly invest in securities maturing more than five years from the date of purchase.

Credit Risk. The City's investment policy, in conjunction with state law, specifies the type of credit rating of all authorized investments. The City's investments in U.S. Agency securities, including, Federal Home Loan Bank (FHLB), Federal National Mortgage Association (FNMA), Federal Home Loan Mortgage Corporation (FHLMC), and First Federal Community Bank (FFCB), are rated AA+ by Standard and Poor's and Aaa by Moody's Investors Service. The investment in the Texas Local Government Pools (TexPool and Texas Daily) carried a credit rating of AAAM by Standard & Poor's as of September 30, 2013.

Concentration of Credit Risk. With the exception of U.S. Treasury securities, the City's investment policy limits the amount that may be invested in any one issuer to 50% of the total investment portfolio. As of September 30, 2015, five percent (5%) or more of the City's total investments are in: Municipal Bonds (41.17%), Federal Home Loan Mortgage Corporation securities (14.99%), Certificates of Deposits (8.94%), Investment Pools (9.26%) and Bank Accounts (13.60%), on a fair value basis.

2. PROPERTY TAXES:

The City's ad valorem or property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the City. The property taxes attach as an enforceable lien on property as of January 1. Appraised values are established by the Central Appraisal Districts of Collin and Denton Counties at 100% of estimated market value and certified by the Appraisal Review Boards. The assessed value for the tax roll of January 1, 2014 upon which the original 2015 levy was based, was \$28,593,267,537. Subsequent adjustments decreased this value to \$28,566,377,609.

Taxes are due October 1 and become delinquent after the following January 31. Penalty and interest is charged at 7% on delinquent taxes beginning February 1, and increases each month to a maximum of 18% on July 1.

Property taxes at the fund level are recorded as receivables and deferred revenues at the time the tax levy is billed. Current year revenues recognized are those ad valorem taxes collected within the current period or soon enough thereafter to pay current liabilities, generally thirty days after year-end. Current tax collections for the year ended September 30, 2015, were 99.5% of the tax levy.

The City is permitted by Article XI, Section 5, of the State of Texas Constitution to levy taxes up to \$2.50 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation long-term debt. The tax rate to finance general governmental services, including debt service, for the year ended September 30, 2015, was \$0.4886 (\$0.3438 for general government and \$0.1448 for debt service) per \$100 of assessed valuation. Thus, the City has a tax margin of approximately \$2.0114 per \$100 and could have levied up to approximately \$574,584,119 in additional taxes from the present assessed valuation.

In Texas, countywide central appraisal districts are required to assess all property within the appraisal district on the basis of 100% of its appraised value and are prohibited from applying any assessment ratios. The value of property within the appraisal district must be reviewed every five years; however, the City, at its own expense, requires annual reviews of appraised values. The City may challenge appraised values established by the appraisal district through various appeals, and, if necessary, legal action. Under this system, the City sets tax rates on City property. However, if the effective tax rate, excluding tax rates for bonds and other contractual obligations, adjusted for new improvements, exceeds the rate for the previous year by more than 8%, qualified voters of the City may petition for an election to determine whether to limit the tax rate to no more than 8% above the tax rate of the previous year.

Future expenditures for capital projects will be funded from federal and state grants as well as unexpended bond proceeds and additional general obligation or revenue bonds and operating revenues. In May 2009, \$128,622,500 of various purpose general obligation bonds were authorized and \$100,430,000 of the 2009 bonds have been issued. In May 2013, \$98,313,000 of various purpose general obligation bonds were authorized and \$5,000,000 have been issued.

5. EMPLOYEE BENEFIT PLANS:

During fiscal year 2015, the City implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. This statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This statement replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*. The benefit plans impacted by GASB Statement No. 68 pertain to TMRS and RSP.

Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of TMRS and RSP and additions to/deductions from TMRS and RSP's fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

A. Texas Municipal Retirement System Plan

Plan Description

The City participates as one of 860 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by TMRS. TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) where further information can be obtained at www.tmr.com.

All eligible employees of the City are required to participate in TMRS.

**CITY OF PLANO, TEXAS
 NOTES TO BASIC FINANCIAL STATEMENTS (continued)
 SEPTEMBER 30, 2015**

Benefits Provided

TMRS provides retirement, disability and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a partial lump sum distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

Benefits depend upon the sum of the employee's contributions to the plan, with interest, and the City-financed monetary credits, with interest. At the date the plan began, the City granted monetary credits for service rendered before the plan began of a theoretical amount equal to two times what would have been contributed by the employee, with interest, prior to establishment of the plan. Monetary credits for service since the plan began are a percent (100%, 150% or 200%) of the employee's accumulated contributions. In addition, the City can grant, as often as annually, another type of monetary credit referred to as an updated service credit which is a theoretical amount which, when added to the employee's accumulated contributions and the monetary credits for service since the plan began, would be the total monetary credits and employee contributions accumulated with interest if the current employee contribution rate and City matching percent had always been in existence and if the employee's salary had always been the average of his or her salary in the last three years that are one year before the effective date. At retirement, the benefit is calculated as if the sum of the employee's accumulated contributions with interest and the employer-financed monetary credits with interest were used to purchase an annuity.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. Plan provisions for the City were as follows (as of December 2013):

Deposit rate	7%
Matching Ratio (City to Employee)	2 – 1
A member is vested after	5 years

Members can retire at certain ages, based on the years of service with the City. The Service Retirement Eligibilities for the City are: 5 years of service and age 60 or 20 years of service and any age.

At the December 31, 2014 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	942
Inactive employees entitled to but not yet receiving benefits	777
Active employees	<u>2,200</u>
	3,919

Contributions and Funding Policy

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the City matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each City is determined annually by the actuary, using the Entry Age Normal actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rate for the City was 18.11% in 2015. The City's contributions to TMRS for fiscal year 2015, were \$25,309,703, and were equal to the required contributions. The City also contributed an additional \$3,000,000 in fiscal year 2015 to TMRS which was transferred from the Health Claims Fund.

Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2014, and the Total Pension Liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of that date.

Actuarial Assumptions:

The TPL in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions:

Inflation	3.0% per year
Overall payroll growth	3.0% per year
Investment rate of return	7.0%, net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Table, with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Disabled Retiree Mortality Table is used, with slight adjustments.

Actuarial assumptions used in the December 31, 2014, valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period January 1, 2006 through December 31, 2009, first used in the December 31, 2010 valuation. Healthy post-retirement mortality rates and annuity purchase rates were updated based on a Mortality Experience Investigation Study covering 2009 through 2011, and dated December 31, 2013. These assumptions were first used in the December 31, 2013 valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. No additional changes were made for the 2014 valuation.

The long-term expected rate of return on pension plan investments is 7.0%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TMRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return (Arithmetic)</u>
Domestic equity	17.50 %	4.80 %
International equity	17.50	6.05
Core fixed income	30.00	1.50

Real return	5.00	1.75
Real estate	10.00	5.25
Absolute return	5.00	4.25
Private equity	<u>5.00</u>	8.50
Total	100.00 %	

Discount Rate

The discount rate used to measure the TPL was 7.0%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute, and was projected over a period of 100 years. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately issued TMRS financial report which may be obtained at www.tmr.com.

Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2015, the City recognized pension expense of \$21,230,581.

At September 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference in expected and actual experience	\$ -	\$ (100,664)
Difference between projected and actual investment earnings on pension plan investments	7,243,797	-

Total	<u>\$ 7,143,133</u>

B. Retirement Security Plan

Plan Description

On January 1, 1983, the City withdrew from the Federal Social Security system and created the RSP, a single-employer, defined-benefit pension trust fund, to provide retirement benefits for all full-time employees of the City. The Plan is created by City ordinance and administered by a committee of five, which meets four times a year. Professional investment management is used and a custodial bank retains the assets and provides for administration of benefit payments.

The Plan issues a separate publicly available financial report that includes financial statements and required supplementary information. The financial report may be obtained by request to the City's Human Resources Department, 1520 Avenue K, Suite 130, Plano, Texas 75074.

As of the December 31, 2014 biennial actuarial valuation, the following employees were covered by the benefit terms:

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

Inactive employees or beneficiaries currently receiving benefits	646
Inactive employees entitled to but not yet receiving benefits	51
Active employees	<u>2,054</u>
	2,751

Retirement benefits become vested after five years of service. Members who terminate employment prior to completing five years of service are not eligible for any benefit and all contributions made on their behalf remain with the plan. Members are eligible to receive full retirement income benefits when they reach age 65 or reduced benefits when they reach a younger age and meet certain length-of-service requirements. Early retirement benefits are paid upon completion of 20 years of vesting service (TMRS credited service) or upon attaining age 60 with five years of vesting service. At least five years must be with the City. The RSP provides retirement income benefits, with annual cost-of-living adjustments, based on a member's years of service, average compensation (highest three years of last ten), and choice of single or joint-life monthly payments or a lump-sum payment as detailed following.

For normal retirement, the monthly benefit payment is calculated as follows:

.007 X City of Plano credited service since January 1, 1983 (not to exceed 25 years) X average compensation (highest 3 years of last 10).

Early retirement benefits paid upon completion of 20 years of vesting (TMRS credited service) or upon attaining age 60 with 5 years of vesting service with the City are calculated as follows:

.007 X City of Plano credited service since January 1, 1983 (not to exceed 25 years) X average compensation (highest 3 years of last 10) X a reduction factor based on the number of years which the benefit start date precedes the normal retirement date. The benefit amount is reduced by one-fifteenth (1/15) for each of the first five years and one-thirtieth (1/30) for each of the next five years (and on an Actuarial Equivalent basis thereafter) by which the starting date of payments precedes the employee's normal retirement date.

Benefits are paid as a monthly life annuity to the participant, with a guarantee that should the participant die prior to receiving 60 monthly payments, the payments will continue to a beneficiary for the balance of the 60-month period. There is no reduction factor if the participant waits until age 65 to begin drawing a monthly benefit.

A lump-sum payment option is available to eligible employees. Lump-sum payments follow these guidelines:

When lump-sum value is less than \$5,000, the benefit must be in form of a single lump-sum payment.

When lump-sum value is \$5,000 - \$12,000, participant has choice of single lump-sum payment or monthly annuity payments.

When lump-sum value exceeds \$12,000, the participant must receive monthly annuity payments.

Joint and survivor options are available. Total and permanent disability retirement benefits are provided. Each April 1, retirement benefits that have been paid for at least 12 months are adjusted to reflect changes in the U.S. Consumer Price Index (not to exceed 4%). This adjustment is applied to only the participant's benefits; spouses or beneficiaries are excluded.

Contributions and Funding Policy

Contributions by the City are established as part of the City budget process and the actuarially determined percentage of each payroll. No employee contributions are required by the plan. The City contributed \$4,037,995 for the year ended December 31, 2014.

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

The contribution amount is a 21-year level percentage of pay funding with a 3.5% payroll growth assumption. This funding approach produces a contribution pattern that is intended to increase in amount from year to year but remain relatively constant as a percent of payroll. Administrative costs, including investment, custodial trustee, and actuarial services are charged to the plan.

Net Pension Asset

The City's Net Pension Asset (NPA) was measured as of December 31, 2014 and the TPL used to calculate the NPA was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The TPL was determined by an actuarial valuation as of December 31, 2013. The TPL as of December 31, 2014 was determined by rolling forward the liability from the actuarial valuation date using the following actuarial assumptions:

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial cost method:	Entry Age Normal
Amortization method:	Level percentage of payroll, closed
Remaining amortization period:	21 years as of the valuation date
Asset valuation method:	5-year smoothed market; 20% corridor
Inflation:	3.00%
Salary increases:	8.10% to 3.50% including inflation
Investment rate of return:	7.75%
Retirement age:	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2010 valuation pursuant to an experience study of the period 2005-2009.
Mortality:	RP-2000 mortality for combined healthy annuitants. Female rates are multiplied by 0.85.

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

Rate of Return

Asset Class	Long-Term Expected Arithmetic Real Rate of Return	Target Asset Allocation	Development of Long-Term Arithmetic Return for Investment Portfolio
U.S. Government Obligations	2.3%	18%	0.41%
Government Agency Obligations	2.3%	2%	0.05%
Corporate Bonds	1.3%	12%	0.16%
U.S. Large Cap Stocks	5.7%	44%	2.51%
U.S. Mid Cap Stocks	7.3%	10%	0.73%
U.S. Small Cap Stocks	7.3%	3%	0.22%
Foreign Equities	6.6%	8%	0.53%
Alternatives (REITS), MLPs	5.7%	3%	0.17%
	Total Expected Arithmetic Real Return:		4.78%
	Inflation Assumption for Actuarial Valuation:		3.00%
	Total Expected Arithmetic Nominal Return:		7.78%

Note: The long-term expected rate of return on retirement plan investments was determined using a building-block method in which best-estimate expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Retirement Plan's target asset allocation as of December 31, 2014 are summarized in the above table.

Discount Rate

A single discount rate of 7.75% was used to measure the total pension liability for the plan years ended December 31, 2014 and 2013. This single discount rate was based on the expected rate of return on pension plan investment of 7.75%. Based on the stated assumptions and the projection of cash flows as of each plan year ending December 31, the pension plan's fiduciary net position and future contributions were sufficient to finance all the future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of the projected benefit payments to determine the total pension liability.

The projection of cash flows used to determine the single discount rate for the Plan assumed that the funding policy adopted by the RSP's Retirement Committee will remain in effect for all future years. Under this funding policy, the City will finance the unfunded actuarial accrued liability over the closed period ending September 30, 2035, as a level percentage of payroll. Under this policy, there are 20 years remaining in the amortization period.

Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2015, the City recognized pension expense of \$3,298,814.

At September 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between projected and actual investment earnings on pension plan investments	\$ 467,044	\$ -
Employer contributions subsequent to the measurement date	2,855,748	-
	<u>\$ 3,322,792</u>	<u>\$ -</u>

Deferred outflows of resources of \$2,855,748 related to pensions resulting from contributions subsequent to the measurement date. Deferred outflows of resources of \$116,761 related to the difference between projected and actual earnings on investments will be recognized in the current fiscal year. The remaining years reported as deferred outflows of resources will be recognized in pension expense as follows:

2016	\$ 116,761
2017	116,761
2018	116,761
2019	116,761
Total	<u>\$ 467,044</u>

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

Deferred Compensation Plan

The City offers its employees a deferred compensation plan, which is a defined-contribution benefit plan, created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with such amounts, and all income attributable to such amounts, property or rights are held in trust or under one or more annuity contracts described in Internal Revenue Code Section 401(f). Except as may otherwise be permitted or required by law, no assets or income of the plan shall be used for, or diverted to, purposes other than for the exclusive purpose of providing benefits for participants and their beneficiaries or defraying reasonable expenses of administration of the plan. Accordingly, the assets of the plan are not reported in the City's basic financial statements.

Postemployment Benefits

The City offers its retired employees under age 65 health insurance coverage under the same plan as the active employees and Medicare supplementary insurance for retirees 65 and older. The number of retired participants receiving health insurance coverage for 2015 was 387 of which 208 were on the same plan as the active employees and 179 on Medicare supplementary insurance. Premiums are paid by the retired employees and claims are processed by the City's agent and paid through the Health Claims Fund. Expenditures for postretirement healthcare benefits are recognized as retirees report claims. Claims paid for retired employees for 2015 were \$3,264,005.

Postemployment Benefits Trust Fund - Section 115 Trust

Plan Description

On March 1, 2008, the City established a Section 115 Trust (the Trust) to comply with the requirements of Governmental Accounting Standards Board Statement (GASB) No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits other than Pensions (OPEB), for the purpose of funding and providing certain benefits to its eligible retirees and dependents. The single-employer, joint contributor hybrid defined-benefit plan is created by City ordinance and administered by the Risk Pool Trustees who meet four times a year. The Risk Pool Trustees consist of three or more City employees who are appointed by the City pursuant to the Plano Welfare Benefit Plan. Professional investment management is used and a custodial bank retains the assets of the Trust. The Trust issued a separate publicly available financial report that includes financial statements and required supplementary information at the Trust's fiscal year-end which is December 31. Those financial reports may be obtained by request to the City's Human Resources Department, 1520 Avenue K, Suite 130, Plano, Texas 75074.

Receipt of Contributions

The City delivers to the Section 115 Trustee the amounts of money that are contributed to the Trust Fund by the City and by participants. Contributions by the City are established as part of the City budget process and are based on amounts determined in the actuarial study prepared biennially. For fiscal year ending September 30, 2015, the City contributed \$5,192,408 to the Trust, which represents approximately 102.8% of the annual required contribution of the employer (ARC). In addition, retirees contributed \$1,042,959 to the Trust.

Annual OPEB Cost and Net OPEB Obligation

The City's annual OPEB cost is calculated based on the City's ARC, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the City's annual OPEB cost for the year, the amount annually contributed to the Trust, and the changes in the City's net OPEB asset to the Trust.

	2015	2014	2013
Annual required contribution (ARC)	\$ 5,050,024	5,050,024	4,579,847
Interest on net OPEB asset	(1,463,996)	(1,463,996)	(1,566,048)
Adjustment to the ARC	1,465,224	1,465,224	1,387,754
Annual OPEB cost	5,051,252	5,051,252	4,401,553
Contributions made	(5,192,408)	(5,219,998)	(4,911,473)
(Increase) Decrease in net OPEB asset	(141,156)	(168,746)	(509,920)
Net OPEB asset, beginning of year	(21,082,973)	(20,914,227)	(20,404,307)
Net OPEB asset, end of year	<u>\$ (21,224,129)</u>	<u>(21,082,973)</u>	<u>(20,914,227)</u>

The net OPEB asset has been recorded in prepaid and other assets in the government-wide financial statements.

The following table shows the assumed annual OPEB cost and net OPEB asset for the prior three years (7% discount and level percent of pay amortization):

Fiscal Year Ended	Discount Rate	Annual OPEB Cost	Percentage of OPEB Cost Contributed	Net OPEB Asset
9/30/13	7%	4,401,553	111.6%	(20,914,227)
9/30/14	7%	5,051,252	103.3%	(21,082,973)
9/30/15	7%	5,051,252	102.8%	(21,224,129)

Funding Status and Funding Progress

The funding status as of the most recent actuarial valuation date, is as follows:

Fiscal Year	Valuation Date	Value of Assets at Fiscal Year End	Actuarial Accrued Liability (AAL)	Funded Ratio	Unfunded AAL (UAAL)	Covered Payroll	UAAL as a Percentage of Covered Payroll
9/30/13	10/01/11	51,322,263	59,410,089	86.4%	(8,087,826)	124,090,481	(6.5%)
9/30/14	10/01/13	50,780,101	73,844,336	68.8%	(23,064,235)	128,505,673	(17.9%)
9/30/15	10/01/13	60,478,815	73,844,336	81.9%	(13,365,521)	128,505,673	(17.9%)

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability of benefits.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Trust and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

Actuarial Methods and Assumptions

	2015	2014	2013
Actuarial valuation date	10/01/13	10/01/13	10/01/11
Actuarial cost method	Projected	Projected	Projected
	Unit Credit	Unit Credit	Unit Credit
Amortization method	Level%	Level%	Level%
Remaining amortization period	22.2 years-	22.2 years-	24.2 years-
	Closed	Closed	Closed
Asset valuation method	Market	Market	Market
Actuarial assumptions:			
Investment rate of return	7%	7%	7%
Payroll growth	3%	3%	3%
Inflation rate	2.5%	2.5%	2.8%
Medical inflation trend rate	5.7% initial	5.7% initial	10.9% initial

In the October 1, 2013 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 7.0% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on the Trust assets and on the employer's own investments calculated based on the funded level of the Trust at the valuation date, and an annual healthcare trend rate of 5.7% initially, adjusted each year with an ultimate trend rate of 4.5% reached in 76 years. Both rates include a 2.5% inflation assumption. The initial UAAL was amortized over the maximum permissible period of 30 years as a level percentage of projected payroll on a closed basis, where salaries are assumed to increase at 3% per annum. The effective remaining amortization period at October 1, 2013 was 22.2 years. The value of assets is equal to the market value of assets as of the valuation date.

6. LONG-TERM DEBT:

A summary of long-term debt transactions, including current portion, for the year ended September 30, 2015, is as follows (in thousands of dollars):

	Balance, Beginning of Year	Increase	Decrease	Balance, End of Year	Due Within One Year
Governmental Activities:					
General obligation bonds and certificates of obligation	\$ 298,365	75,685	(80,040)	294,010	26,435
Tax anticipation notes	4,700	5,745	(3,985)	6,460	1,295
Deferred amounts:					
Premium	16,297	10,503	(4,418)	22,382	4,178
Bond issuance costs	-	-	-	-	-
Total bonds and notes payable	319,362	91,933	(88,443)	322,852	31,908
Compensated absences	38,146	16,013	(14,297)	39,862	5,420
Liability for insurance claims	6,451	27,194	(27,705)	5,940	5,358
Governmental activities					
Long-term debt	\$ 363,959	135,140	(130,445)	368,654	42,686

The compensated absences liability attributable to the governmental activities will be liquidated by several of the City's governmental and internal service funds. Approximately 95.6% has been paid by the General Fund, 0.7% by Special Revenue Funds and 3.7% by Internal Service Funds.

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

The liability for insurance claims will be liquidated through a variety of funds. The General Fund bears approximately 80.7% of the claims and judgments liability. The Enterprise Funds bear approximately 14.0% of the claims and judgment liability, while the Internal Service and Special Revenue Funds bear approximately 5.0% and 0.3%, respectively.

	Balance, Beginning of Year	Increase	Decrease	Balance, End of Year	Due Within One Year

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

The annual requirements to amortize debt outstanding as of September 30, 2015, including interest payments of \$101,701 follow. Due to the nature of the obligation for compensated absences, annual requirements to amortize such obligations are not determinable and have not been included in the following summary (noted in thousands):

Year Ended September 30	General Obligation, Tax Anticipation Notes & Certificates of Obligation		Municipal Drainage	
	Principal	Interest	Principal	Interest
2016	\$ 27,730	12,739	2,045	505
2017	25,525	11,833	1,775	469
2018	24,750	10,814	1,600	423
2019	24,050	9,759	1,440	380
2020	20,450	8,688	1,285	342
2021-2025	94,975	30,116	5,235	1,072
2026-2030	58,625	11,798	2,425	270
2031-2035	24,365	2,493	-	-
Total	\$ 300,470	98,240	15,805	3,461

The City intends to retire all of its general long-term liabilities, plus interest, from ad valorem taxes and other current revenues. The proprietary fund type long-term debt will be repaid, plus interest, from the operating revenues of the Water and Sewer Fund and the Municipal Drainage Fund.

A. General Obligation Bonds and Certificates

The City is required by ordinance to create from ad valorem tax revenues a sinking fund sufficient to pay the current interest and principal installments as they become due. The Debt Service Fund has \$3,701,797 available to service the general obligation debt after all debt due in the current fiscal year has been paid.

There are a number of limitations and restrictions contained in the various general obligation bonds and certificate indentures. Management of the City believes it is in compliance with the significant limitations and restrictions at September 30, 2015.

Arbitrage provisions of the Internal Revenue Tax Act of 1986 require the City to rebate excess arbitrage earnings from bond proceeds to the federal government. Beginning in 1992, the City paid required five-year rebates. There are no future rebates estimated as of September 30, 2015. As provided for by the bond indentures, this amount has been recorded in the General Fund in "Due to other governments" for the benefit of the federal government and will be paid as required by applicable regulations.

In May 2015, the City issued \$75,685,000 in General Obligation refunding and improvements bonds, with interest rates ranging from 2.0% to 5.0%. The portion of the debt that represents refunded bonds were Series 2005, 2006, and 2007 general obligation bonds totaling \$54,040,000 and carried interest rates ranging from 4.0% to 5.0% with maturity dates of 2016 through 2027 and Series 2006 certificates of obligation totaling \$555,000 with interest rates of 4.25% with maturity dates of 2016 through 2018. As a result of the refunding, the City obtained an economic gain (difference between present value of the debt service payments on the old and new debt) of \$3,577,659. In May 2015, the City also issued \$5,745,000 in Tax Notes, with interest rates ranging from 2.0% to 3.0%. At September 30, 2015, \$29,850,000 of the defeased bonds are still outstanding.

CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015

B. Municipal Drainage Revenue Bonds

The Municipal Drainage Revenue Bonds are secured by a first lien on and pledge of the revenues of the Municipal Drainage Fund in accordance with the provisions of the bond indenture.

The bond indenture requires the City to make equal monthly installments to a debt service fund to pay principal and interest requirements as they become due. At September 30, 2015, \$2,377,534 is restricted within the Municipal Drainage Fund for debt service requirements.

In addition, the bond indenture requires a reserve equal to the average annual debt services requirement be maintained in order to pay any bond principal and interest should the debt service funds be insufficient. At September 30, 2015 the reserve required and restricted within the Municipal Drainage Fund is \$1,284,408.

In May of 2015, the City issued \$7,105,000 in Municipal Drainage refunding bonds, with interest ranging from 2.0% to 4.0%. The portion of the debt that represents refunded bonds were 2005, 2006, and 2007 series municipal drainage revenue bonds totaling \$7,130,000 and carried interest rates ranging from 3.75 % to 5.0% with maturity dates in 2016 through 2026. As a result of the refunding, the City obtained an economic gain (difference between present value of the debt service payments on the old and new debt) of \$483,244.

Municipal Drainage revenue bonds are covered by the arbitrage provisions of the Internal Revenue Tax Act of 1986. Accordingly, there were no excess arbitrage earnings estimated at September 30, 2015. The City is in compliance with all requirements of the bond ordinance for the year ended September 30, 2015.

Restricted assets of the Municipal Drainage Fund at September 30, 2015 are as follows:

Cash and cash equivalents	\$	1,623,018
Investments		5,972,583
Accrued interest receivable		<u>42,411</u>
	\$	<u>7,638,012</u>

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

7. INTERFUND TRANSACTIONS:

A summary of interfund receivables and payables at September 30, 2015 is as follows:

Due To	Due From			Total
	General Fund	Environmental Waste Service	Nonmajor Enterprise Funds	
General Fund	\$ -	1,893	135,281	\$ 137,174
Nonmajor Governmental Funds	410,975	-	-	410,975
Nonmajor Enterprise Funds	29,038	-	-	29,038
Total	\$ 440,013	1,893	135,281	\$ 577,187

Due to and due from entries are primarily used to account for cash owed between funds that are expected to be repaid within one year or less.

The City performs a complex calculation to determine the value of the charges in lieu of taxes to be paid to the General Fund. This calculation is reasonably equivalent to the value of the services provided to the Water and Sewer and Environmental Waste Services funds and is, therefore, appropriately reported as an expense as opposed to a transfer. During fiscal year 2015, charges in lieu of taxes were \$9,073,068.

Transfers between funds during the year were as follows:

Transfers Out	Transfers In					Total
	General Fund	Capital Reserve	Internal Service	Nonmajor Governmental Funds	Component Unit	
General Fund	\$ -	22,500,000	173,756	251,600	50,000	\$ 22,975,356
Nonmajor Governmental Funds	1,415	-	-	-	-	1,415
Internal Service	3,000,000	-	-	2,441,196	-	5,441,196
Water and Sewer	7,304,830	1,500,000	-	-	-	8,804,830
Municipal Drainage	501,191	500,000	-	-	-	1,001,191
Nonmajor Enterprise Funds	685,481	-	-	-	-	685,481
Total	\$ 11,492,917	24,500,000	173,756	2,692,796	50,000	38,909,469

The City performs a cost allocation to determine the portion of indirect expenses that will be reimbursed by the respective business-type activities to the General Fund. The City funds the Capital Reserve fund by transferring amounts from the General Fund and Water and Sewer fund each year based on a portion of depreciation.

Transfers are primarily used to move funds to finance various programs in accordance with budgetary authorizations.

NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

8. REGIONAL SYSTEMS FOR WATER SUPPLY, WASTEWATER TREATMENT AND SOLID WASTE DISPOSAL:

The City secures its water supply and sewer services from the North Texas Municipal Water District ("District"), a district authorized by the Texas Constitution, Article XVI, Section 59; created by the Texas Legislature, Article 8280-141; and authorized to act by the confirming vote of the majority of the qualified voters in each of the cities comprising the District. The District has police, taxation and eminent domain powers and is authorized to issue revenue and/or tax bonds upon approval by the Attorney General of the State of Texas and functions as a political subdivision of the State of Texas independent of the City. The District is governed by a 17-member board (the "Board"), the City being authorized by statute to appoint two of those members. The Board has full power and discretion to establish its budget and to set the rates for the services it provides by contracts with its member cities and customer cities. The Board is empowered by statute and contract, or otherwise permitted by law, to discontinue a facility or service in order to prevent an abuse or to enforce payment of an unpaid charge, fee or rental due to the District. Because of the factors mentioned above, the District is not included in the City's basic financial statements. A portion of the outstanding bonds of the District are contract revenue bonds based on contracts with certain member cities of the District. The City provides for the payment of its contractual obligations with the District from revenues generated by its waterworks and sewer systems. Such contractual payments provide for the payment of the principal and interest requirements, and the premium payment, if any, on specified indebtedness and associated operation and maintenance expenses of the District.

Water Supply

On December 12, 1953, the City entered into a contract with the District whereby the District agreed to provide water for the benefit of the City. In return for this service, the City agreed to pay the District at a rate per 1,000 gallon basis, subject to minimum annual payments. The City's annual payment for the year ended September 30, 2015 was \$50,579,800. The City has also contracted for water transmission facility improvements and pays the District for debt service for bonds issued to fund the improvements. For fiscal year 2015, this payment was \$819,950. Future years' payments to debt service are as follows:

2016	824,600
2017	836,650
2018	222,525

Wastewater Treatment

On October 1, 1975, the City entered into a contract for wastewater treatment services with the District. The District has been designated by the Texas Water Quality Board as the regional agency to provide and develop a Regional System for Wastewater Treatment in the general area of the East Fork of the Trinity River, which includes the City and other cities located in Collin, Dallas, Kaufman and Rockwall Counties, Texas. Relative thereto, the City and other cities have entered into wastewater system contracts with the District, which provide for the establishment, operation and maintenance of a Regional Wastewater System for the purpose of providing facilities to adequately receive, transport, treat and dispose of wastewater for the cities. In order to provide said services, the contract provides that (a) the District will acquire, design, construct and complete the system, repair, replace and/or extend the system to provide service to the cities; (b) in consideration of payments to be made under the contract, each of the cities shall have the right to discharge all its wastewater from its sewage system into the District's system, subject to certain quality requirements set forth in the contract; (c) the District will issue its bonds, in amounts and at times determined by the District, to provide for the wastewater treatment facilities; (d) each city agrees to pay its proportionate share of the annual requirement sufficient to pay or provide for the payment of an "Operation and Maintenance Component" and a "Bond Service Component;" (e) each city's proportionate share of the annual requirement shall be a percentage obtained by dividing such city's estimated contributing flow to the system by the total estimated contributing flow to the system by all cities during such fiscal year. No city will exercise

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

oversight responsibility for the District and no city is liable for the District's debt. The City's payment for the year ended September 30, 2015 was \$24,639,784, net of payments to the City for facilities usage.

Solid Waste Disposal

On November 29, 1979, the City entered into a contract for services with the District, whereby the District agreed to provide a solid waste disposal system for the benefit of the City and other cities. Each city agreed to pay its share of an annual requirement for the operating expenses and debt service of the District to be calculated in the same manner as the wastewater contract. The City's annual payment for the year ended September 30, 2015 was \$7,659,694.

9. COMMITMENTS AND CONTINGENCIES:

The City has contractual commitments of \$49,471,072 in the Capital Projects Funds, \$14,185,699 in the Water and Sewer Fund, and \$1,886,915 in the Municipal Drainage Fund. These commitments are for construction of various projects and will be funded primarily from general obligation bond proceeds in the Capital Projects Funds, operating revenues in the Water and Sewer Fund and revenue bond proceeds in the Municipal Drainage Fund.

Various claims and lawsuits are pending in which the City is involved. Included among the various actions are those for which the discovery process is currently underway or which have yet to proceed to trial. It is the opinion of City management that the ultimate outcome of all other lawsuits will not have a material adverse effect on the City's financial position.

The City participates in a number of federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Any liability for reimbursement that may arise as the result of these audits is not believed to be material.

**CITY OF PLANO, TEXAS
NOTES TO BASIC FINANCIAL STATEMENTS (continued)
SEPTEMBER 30, 2015**

10. SELF-INSURANCE:

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City maintains a self-insurance program for general liability, public officials' errors and omission, police professional liability, property loss and workers' compensation. The Property/Liability Loss Fund (Internal Service) has been established to pay identified claims and judgments, maintain loss reserves and purchase insurance coverage as required.

Group medical benefits are paid from the Health Claims Fund (Internal Service), which has an annually negotiated stop loss provision. Revenues are recognized from payroll deductions for employee dependent coverage and from City contributions for employee coverage.

The liabilities for insurance claims reported in each of the funds are based on GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. These liabilities include an estimate for incurred but not reported claims. Change in each fund's claims liability amount in fiscal 2015 and 2014 was as follows:

Fund	Liability, Beginning of year	Current year Claims and Changes in Estimates	Claim Payments	Liability, End of year
2015				
Property/Liability Loss	\$ 3,976,274	\$ 3,040,888	\$ (3,177,118)	\$ 3,840,044
Health Claims	2,474,426	24,153,002	(24,527,881)	2,099,547
Total	\$ 6,450,700	\$ 27,193,890	\$ (27,704,999)	\$ 5,939,591

2014				
Property/Liability Loss	\$ 4,079,902	\$ 3,066,430	\$ (3,170,058)	\$ 3,976,274
Health Claims	\$ 2,326,614	23,256,457	(23,108,645)	2,474,426
Total	\$ 6,406,516	\$ 26,322,887	\$ (26,278,703)	\$ 6,450,700

Schedule of Contributions (10 years)

	<u>2015</u>
Actuarially determined contributions	\$ 25,309,703
Contributions in relation to the actuarially determined contribution	<u>28,309,703</u>
Contribution deficiency (excess)	<u>(3,000,000)</u>
Covered employee payroll	\$ 138,720,040
Contributions as a percentage of covered employee payroll	20.4%

Note: GASB 68 requires 10 fiscal years of data. As a result of the City implementing GASB 68 in fiscal year 2015, this schedule will be built to show the remaining reporting requirement.

Notes to Schedule of Contributions

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31 and become effective in January, 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	19 years
Asset valuation method	10 year smoothed market; 15% soft corridor
Inflation	3.0%
Salary increases	3.5% to 12.0% including inflation
Investment rate of return	7.0%
Retirement age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2010 valuation pursuant to an experience study of the period 2005-2009.
Mortality	RP2000 Combine Mortality Table with Blue Collar Adjustment with male rates multiplied by 109% and female rates multiplied by 103% and projected on a fully generational basis with scale BB.

Other Information:

Notes There were no benefit changes during the year.

Plan fiduciary net position as a percentage of the total pension liability	109.65%
Covered - employee payroll	\$ 117,023,684
Net pension asset as a percentage of covered employee payroll	(8.95)%

Note: GASB 68 requires 10 fiscal years of data. As a result of the City implementing GASB 68 in fiscal year 2015, this schedule will be built to show the remaining reporting requirement.

**CITY OF PLANO, TEXAS
 REQUIRED SUPPLEMENTARY INFORMATION
 SEPTEMBER 30, 2015**

Schedule of Contributions (10 years)

RSP Schedule of Contributions	2015
Actuarially determined contributions	\$ 3,908,790
Contributions in relation to the actuarially determined contribution	3,908,790
Contribution deficiency (excess)	-
Covered employee payroll	\$ 125,281,726
Contributions as a percentage of covered employee payroll	3.12%

Note: GASB 68 requires 10 fiscal years of data. As a result of the City implementing GASB 68 in fiscal year 2015, this schedule will be built to show the remaining reporting requirement.

Notes to Schedule of Contributions

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial cost method:	Entry Age Normal
Amortization method:	Level percentage of payroll, closed
Remaining amortization period:	21 years as of the valuation date
Asset valuation method:	5-year smoothed market; 20% corridor
Inflation:	3.00%
Salary increases:	8.10% to 3.50% including inflation
Investment rate of return:	7.75%
Retirement age:	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2010 valuation pursuant to an experience study of the period 2005-2009.
Mortality:	RP-2000 mortality for combined healthy annuitants. Female rates are multiplied by 0.85.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

CRIMINAL INVESTIGATION FUND – to account for any monies taken into police custody as a result of police investigation. These monies are to be spent only on law enforcement activities as provided by state statute.

GRANT FUND – to account for monies received from other governmental agencies.

PLANO TELEVISION NETWORK (PTN) FUND – to account for monies received for local access programming, under conditions contained within the franchise agreement with AT&T Broadband.

PUBLIC SAFETY COMMUNICATIONS – to account for 9-1-1 reserve fund monies received from wireless communication fees to be used for related 9-1-1 services; and intergovernmental radio fund fees collected under an interlocal agreement for a joint communication system between the cities of Plano, Allen and Frisco, the fees are used to pay maintenance expenses of the system; and wireline fees and reporting for 9-1-1 expenditures.

MUNICIPAL COURT – to account for building security fund monies received from conviction of misdemeanor fees to be used to provide for the security and housing of municipal courts; teen court fees collected from teens requesting teen court, these monies are used to cover the costs of administering teen court; municipal court technology state fees collected with each citation that has resulted from a conviction; and judicial efficiency state fees collected for payment on any part of a judgment on or after the 31st date on which a judgment is entered where one-half is remitted to the state, four-tenths is retained locally with no restriction, while one-tenth is used for the purpose of improving judicial efficiency.

MEMORIAL LIBRARY FUND – to account for monies received in support of the City's library.

SEIZED ASSETS FUND – to account for the seizure and disposition of assets confiscated by local law enforcement agencies.

LIBRARIES – to account for library training lab monies received from the Bill and Melinda Gates Foundation for the establishment of a library training lab; and Sproles library fund monies received in support of the City's library.

ANIMAL SHELTER DONATIONS – to account for donations to assist the animal shelter.

BLENDED COMPONENT UNIT:

PUBLIC IMPROVEMENT DISTRICT – organized to provide additional improvements and services in Downtown Plano where funding is derived from a special assessment paid by downtown property owners and based on a property's taxable value.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other government.

The City's nonmajor Capital Projects Funds are as follows:

DART – to account for the financing and construction of street modifications necessary to accommodate the public transportation system. Funds are provided through the DART Local Assistance Program.

PARK IMPROVEMENTS – to account for the financing and construction of park construction projects.

MUNICIPAL FACILITIES – to account for the financing and construction of various City facilities. Funds are provided primarily through bond sales and interest earnings.

PARK SERVICES – to account for building permit fees exclusively for the acquisition and development of new neighborhood and parks.

PUBLIC INFRASTRUCTURE – to account for Improvements to City of Plano owned infrastructure related to existing commercial facilities, including streets, utilities, open space and other infrastructure.

NONMAJOR ENTERPRISE FUNDS

Following are the nonmajor Enterprise Funds:

CIVIC CENTER FUND – to account for the convention and tourism activities of the City's Civic Center.

MUNICIPAL GOLF COURSE FUND – to account for operation of the City's golf course, including administration, operation and maintenance. All costs are financed through fees charged to patrons.

DOWNTOWN CENTER DEVELOPMENT FUND – to account for the construction of a multi-use project in the City's downtown area.

RECREATION REVOLVING FUND – to account for recreational programs and activities that are offered to groups and individuals on a fee basis. Fees are adjusted periodically to cover the cost of providing each program.

INTERNAL SERVICE FUNDS

Internal Service Funds accounts for the financing of goods or services provided by one department for another.

The City has five Internal Service Funds as follows:

EQUIPMENT MAINTENANCE FUND – to account for the cost of operating and maintaining automotive and other equipment used by City departments. Service charges are billed to departments on a monthly basis to cover all expenses of the fund, including depreciation of furniture and fixtures, machinery and equipment necessary to provide maintenance services and for replacement of the fleet.

MUNICIPAL WAREHOUSE FUND – to account for the operation of a central warehouse facility which provides the capability of storing and distributing in volume supplies and materials used by City departments. An overhead charge is applied to the purchase price of all materials handled to cover the operating costs, including the cost of goods sold.

TECHNOLOGY SERVICES FUND – to account for the data processing and information systems. Charges for software, hardware and maintenance of the systems are billed to the user funds.

PROPERTY/LIABILITY LOSS FUND – to account for the operation of a self-insurance program for general liability, public officials errors and omission, police professional liability, property loss and worker's compensation.

HEALTH CLAIMS FUND – to account for the self-insurance operation of group accident and health insurance coverage for all City employees. In addition to the basic insurance coverage provided, employees may purchase dependent coverage through payroll deductions. Coverage is financed by billings to the departments and through employee payroll deductions.

AGENCY FUNDS

DEVELOPERS' ESCROW FUND – to account for escrow received from developers. The escrow will be used for construction of improvements to be made by the City.

UNCLAIMED PROPERTY FUND – to account for assets under \$100, which have been issued by the City but remain unclaimed. Disposition is made upon claim by rightful owners or escheatment to the State of Texas.

**STATISTICAL SECTION
(unaudited)**

Tables in the statistical section present detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the overall financial health of the City.

	<u>Pages</u>
<u>Financial Trends</u> - These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	112-117
<u>Revenue Capacity</u> - These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	118-121
<u>Debt Capacity</u> - These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	122-127
<u>Demographic and Economic Information</u> - These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	128-129
<u>Operating Information</u> - These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	130-134

**CITY OF PLANO, TEXAS
COMPUTATION OF LEGAL DEBT MARGIN
SEPTEMBER 30, 2015
(unaudited)**

Table 12

As a home rule city, the City of Plano is not limited by the law in the amount of debt it may issue. The City's Charter (Section 9.18) states

The City Council shall have the power under the provisions of the state law to levy, assess and collect an annual tax upon real and personal property within the City to the maximum provided by the Constitution and the general laws of the State of Texas. The City Council shall also have the power to levy occupation taxes on such occupations as consistent with the general laws of the State of Texas.

Article II, Section 5 of the State of Texas Constitution states in part:

...but no tax for any purpose shall ever be lawful for any one year, which shall exceed two and one-half percent of the taxable property of such city.

The tax rate at October 1, 2014 is \$0.4886 per \$100.00 with assessed valuation at 100% of market value.

**Independent Auditors' Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance With *Government Auditing Standards***

The Honorable Mayor and Members of the City Council
The City of Plano, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Plano, Texas (the City) as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated January 13, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Federal and State Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State Awards Required by OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and State of Texas Single Audit Circular

The Honorable Mayor and Members of the City Council
The City of Plano, Texas

Report on Compliance for Each Major Federal and State Program

We have audited the City of Plano, Texas' (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the State of Texas Single Audit Circular (SAC) that could have a direct and material effect on each of the City's major federal and state programs for the year ended September 30, 2015. The City's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and the State of Texas Single Audit Circular (SAC). Those standards, OMB Circular A-133 and SAC, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2015.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and SAC, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and SAC. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal and State Awards Required by OMB Circular A-133 and State of Texas Single Audit Circular

We have audited the financial statements of the City as of and for the year ended September 30, 2015, and have issued our report thereon dated January 13, 2016, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by OMB Circular A-133 and SAC and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the financial statements as a whole.

September 30, 2015

(1) General

The accompanying schedule of expenditures of federal and state awards includes the federal and state grant activity of the City of Plano, Texas (the City) and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the State of Texas Single Audit Circular. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

The City's reporting entity is defined in note 1 to the City's basic financial statements. Federal and state awards received directly from federal and state agencies as well as federal and state awards passed through other government agencies are included on the schedule.

(2) Subrecipients

<u>Program Title</u>	<u>Federal CFDA #</u>	<u>Amount</u>
Community Development Block Grants/Entitlement Grants	14.218	\$ 118,472
HOME Investment Partnerships Program	14.239	157,623
		<u>\$ 276,095</u>

(3) Loans

At September 30, 2015, the amount of loans outstanding related to the Community Development Block Grants and HOME Investment Partnerships Program was approximately \$876,264 and \$75,882, respectively.

CITY OF PLANO, TEXAS
