Re: Zoning Case 2014-47
NEC of W. Spring Creek Parkway and Headquarters Drive
Item 11A, Plano P&Z Agenda for January 20, 2015

Dear Erica:

As you are aware, Winstead PC represents the Applicant in the referenced matter. On Tuesday, January 20, 2015, the Plano P&Z heard this case and recommended denial of Item 11A. On behalf of the Applicant, I appeal the adverse recommendation of the P&Z and request that this matter be placed on the Plano City Council Agenda for February 23, 2015. I have enclosed a check in the amount of \$180.00 which I understand is the fee for said appeal.

Please confirm receipt of this appeal and the scheduling of this matter for consideration by the City Council on February 23. Should you have questions or need additional information, please let me know.

Your attention to this matter is appreciated.

Sincerely,

/s/ Kirk R. Williams

Recommendation of the Planning & Zoning Commission

Zoning Case 2014-47

January 20, 2015

Second Vice Chairman's Report

Zoning Case 2014-47, Agenda Items No. 11A, and 11B – Public Hearing. Items heard together, but voted separately. All eight Commissioners were present.

Applicant: Winstead, P.C.

Zoning Case 2014-47 Agenda Item No. 11A, and 11B– Request for Specific Use Permit (SUP) to allow for Mid-Rise Residential on 2.4 +/- acres located at the northeast corner of Spring Creek Parkway and Headquarters Drive. Zoned Commercial Employment (CE).

Staff Recommendation: The Staff recommended Approval of the zoning change for the following reasons:

1. Although the adjacent convenience store with gas station is not appropriate for traditional residential uses, mid-rise residential may be appropriate due to the fact that the use operates as an independent development with private amenities built-in to service residents.
2. Mid-rise uses can also benefit from common open space, services, retail and employment opportunities found within the context of an urban center.

Commission Action:

Comments made in Support of the issue 11A and 11B included:

- The applicant was the only speaker in support of the Re-Zoning.
- Water and sanitary sewer services are available to serve the property.
- Public safety response times are sufficient to serve a residential use of this site.
- Property is serviced by the Lewisville Independent School District (LISD) which indicates that currently adequate capacity exists.

Comments made in Opposition of issue 11A and 11B included:

- Staff report noted that the subject property is not located within a park fee service area and there are no parks nearby.
- Set back from S.H.121 is only 600 feet rather than the 1200 feet required, and the residential development is not part of a mixed use planned development, or urban mixed-use center.
- The residential project appears to be isolated from other residential neighborhoods and residential services and amenities surrounded by CE corridor uses.
- Adjacent proximity to under construction convenience store with gas pumps is not appropriate for traditional residential living.
- Doesn't conform to comprehensive plan for mid-rise developments within CE corridor zoning.

A motion was made for the denial of the Zoning Case 2014-47, item 11A, in opposition to staff recommendation. Motion for Denial was approved by the Commission 6 votes to 2. (Commissioners Grady and Hicks voted against the motion).

Zoning Case 2014-47 Agenda Item No. 11B – Concept Plan for 107 mid-rise residential units on 2.4 +/- acres located at the northeast corner of Spring Creek Parkway and Headquarters Drive. Zoned Commercial Employment. Neighborhood #14.

This Concept plan application is contingent upon approval of Zoning Case 2014-47 (Agenda Item No 11A). Since Zoning Case 2014-47 was denied, a motion was made for Denial of the Case 2014-47 Agenda Item No. 11B – Concept Plan, and was approved by the Commission 6 votes to 2. (Commissioners Grady and Hicks voted against the motion).

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Wm Hilburn", with a long, sweeping underline.

William Hilburn

CITY OF PLANO
PLANNING & ZONING COMMISSION

January 20, 2015

Agenda Item No. 11A

Public Hearing: Zoning Case 2014-47

Applicant: Winstead, P.C.

DESCRIPTION:

Request for a Specific Use Permit for Mid-Rise Residential on 2.4± acres located at the northeast corner of Spring Creek Parkway and Headquarters Drive. Zoned Commercial Employment.

REMARKS:

The applicant is requesting a Specific Use Permit (SUP) to allow for mid-rise residential. The purpose and intent of an SUP is to authorize and regulate a use not normally permitted in a district, which could be of benefit in a particular case to the general welfare, provided that adequate development standards and safeguards are established. The Zoning Ordinance defines mid-rise residential as, “buildings containing not less than five floors designed for residential occupancy and including accessory uses including but not limited to parking garages, recreational amenities, meeting space, storage, and personal services. A mid-rise residential development may include a mix of residential and nonresidential uses in the same structure.”

The subject property is 2.4± acres in size and is currently undeveloped. The existing zoning on the property is Commercial Employment (CE). The CE district is intended to provide the flexibility for an integrated development that may include retail, office, commercial, light manufacturing, and multifamily residences. The majority of focus of the CE district is to be corporate headquarters and research facilities arranged in a campus-like setting.

A revised concept plan for Palomino Crossing Addition, Block 1, Lot 4 accompanies this request as Agenda Item 11B.

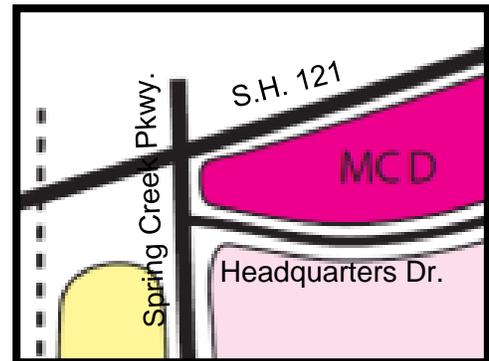

Surrounding Land Use and Zoning

The property to the north, is zoned CE and is developed as a convenience store with gas pumps. The properties to the east are undeveloped and zoned CE. To the south, across Headquarters Drive is an existing office development also zoned CE. The

property to the west across Spring Creek Parkway is within the City of The Colony and is under construction as retail.

Conformance to the Comprehensive Plan

Future Land Use Plan: The Future Land Use Plan designates this property as Major Corridor Development (MCD). Development in these corridors is expected to include a mix of commercial, office, and technical production uses.

The city's current land use policies recommend that land along expressway corridors be reserved for economic development and employment opportunities. However, residential development may be appropriate accordance with the interim amendment policy recommendations of the Comprehensive Plan that were adopted in April, 2012. The policies that apply to this request include:

1. Residential should be set back a minimum of 1,200 feet from the centerline of the Dallas North Tollway. Factors including topography, creeks, vegetation and existing development patterns should be considered in applying this standard.

The subject property is approximately 600 feet from the centerline of State Highway 121. Although the property is within the 1,200 foot setback, existing development and topography provide a buffer from the highway.

2. Isolated residential development should not be permitted; residential rezoning requests need to establish a complete new neighborhood or expand an existing neighborhood or an urban mixed-use center. Mid-rise multifamily development (five to twelve stories) and special needs housing (i.e. senior housing) could be an exception if the surrounding land use is compatible.

The request does not expand into any existing residential neighborhoods. Although the existing convenience store with gas pumps is not conducive to traditional residential living, mid-rise uses are distinct because they do not necessarily require adjacency to other residential uses and can function as standalone sites. The Planning & Zoning Commission should consider if this is an appropriate location for residential living.

3. New multifamily zoning should require a minimum density of 40 dwelling units per acre on the project site. Phased development should have a minimum average density of 40 dwelling units per acre. However, no phase having less than 40 units per acre may be constructed, unless preceded by or concurrently built with a phase which maintains the minimum 40 dwelling units for the overall project. Additionally, mid-rise multifamily development and neighborhood mixed-use zoning districts could be exceptions to this minimum density requirement.

The proposed mid-rise residential development will maintain a minimum density of 45 dwelling units per acre, in compliance with the city's density policy.

Adequacy of Public Facilities: Water and sanitary sewer services are available to serve the subject property. However, the applicant will need to verify that the sanitary sewer capacity is sufficient to accommodate the proposed change in use from commercial to residential.

Traffic Impact Analysis (TIA): A TIA is not required for this SUP request.

School Capacity: This is provided for informational purposes only. The property is served by the Lewisville Independent School District (LISD).

Elementary School	Tom Hicks
Middle School	Arbor Creek
High School	Hebron

At this time and based upon current boundaries, LISD has determined that there is sufficient capacity at all three schools.

Public Safety Response Time: Based upon existing personnel, equipment, and facilities, fire emergency response times will be sufficient to serve the site. Mid-rise residential units in this area will increase EMS and fire calls for service, and may impact future staffing levels and the type of equipment assigned to area fire stations.

Access to and Availability of Amenities and Services: The subject property is not located within a park fee service area and there are no nearby parks.

The property is located within Parr Library's service area, which has sufficient capacity to serve the development.

ISSUES:

Mid-Rise Residential

The city currently does not have any mid-rise residential developments. The Comprehensive Plan policies support mid-rise uses in expressway corridors as an alternative neighborhood if adjacent uses are appropriate. Although the adjacent convenience store with gas pumps is not appropriate for traditional residential uses, mid-rise residential may be appropriate due to the fact that the use operates as an independent development with private amenities built-in to serve residents.

Mid-rise uses can also benefit from common open space, services, retail and employment opportunities found within the context of an urban center. Although this request is not proposed within an urban center, the subject property may be appropriate for mid-rise residential due to the self-contained and urban nature of the development

and proximity to jobs and services in Legacy Business Park. Potential residents of the requested mid-rise development will be able to benefit from existing and future employment uses in the area, as well as the urban center development proposed at the southeast corner of Headquarters Drive and Communications Parkway which includes office, retail, restaurant and open space as well as residential uses. Due to the self-contained nature of mid-rise development, as well as the existing and planned developments in the surrounding area, staff is in support of the SUP request.

SUMMARY:

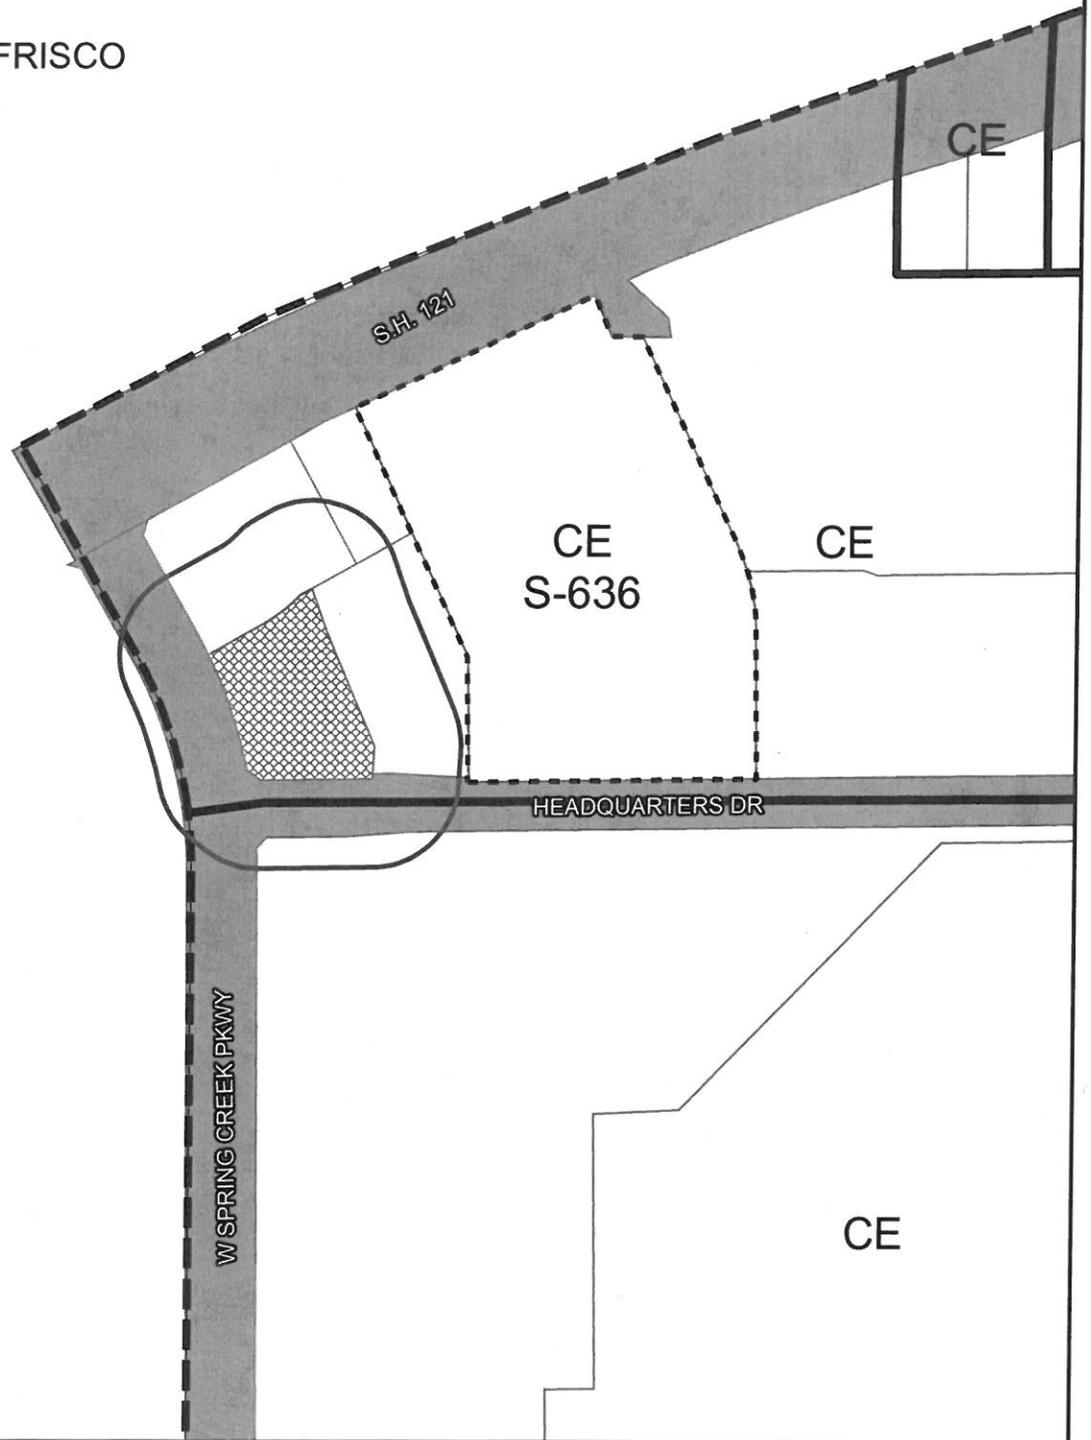

The applicant is requesting an SUP for mid-rise residential on 2.4± acres located at the northeast corner of Spring Creek Parkway and Headquarters Drive. The proposed use is consistent with the Comprehensive Plan's 2012 interim amendments and the Future Land Use Plan of the Comprehensive Plan which recommends mid-rise residential in expressway corridors. As mid-rise uses are often standalone, independent developments, and due to future residential and nonresidential development opportunities in the surrounding area, staff is in support of the proposed SUP.

RECOMMENDATION:

Recommended for approval as submitted.
