Report on 2014-2015 Federal Grant Recommendations

SUMMARY OF RECOMMENDATIONS:

The Community Services Division has a total of \$1,684,961 in federal funds and program income to be allocated for 2014-15. This amount is derived as follows:

New 2014-15 CDBG Grant amount:	\$1,175,330
New 2014-15 HOME Grant amount:	\$ 386,631
Estimated CDBG Program Income for 2012-13:	\$ 120,000
<u>Estimated HOME Program Income for 2012-13:</u>	<u>\$ 3,000</u>
Total Amount:	\$1,684,961

Each year projected program income must be included in the allocations. For 2014-15, staff has estimated \$123,000 in program income and must include the additional funds in the year's total. The actual amount collected may be substantially less or more.

Because there is uncertainty about the actual amount of program income the City will collect and because nearly all of the income is generated by the housing rehabilitation program's loans, program income is typically allocated to the housing rehabilitation program rather than to a particular agency. If there is a shortfall, the housing rehabilitation program is best able to absorb the loss because of the large amount of funding it receives. This year, the rehabilitation program did not receive HOME funds, so HOME program income was allocated to the first-time homebuyer assistance program as that program has remaining HOME funds to be spent in the 2014 grant year.

Public services can be funded through CDBG, but are limited to 15% of the total of CDBG entitlement funds and the prior year's program income. Public services are defined as activities directed toward improving community services, including employment, crime prevention, child care, health, drug abuse, education, fair housing counseling, energy conservation, welfare, or recreational needs, and which do not fall under any other CDBG category. The 2014-15 CDBG public service grant amount is calculated to be \$216,178, at the maximum 15%. Any change in the recommendations should take the public service cap (15% limit) into account.

HUD expects the City to use CDBG and HOME funds to meet the goals expressed in the Five-Year Consolidated Plan, which are included in the Action Plan. In our annual report to HUD and the community, we are expected to explain our progress in meeting these goals, using our available resources. These goals are noted within the Action Plan document.

The Commission's recommendations for the use of the 2014-15 grants are detailed in the Action Plan, but a summary is in the below table. Twenty two agency requests, in the amount of \$2,270,675, were considered for CDBG and HOME funding. Thirteen agencies were recommended by the Commission for funding; however one request was withdrawn after the agency received funding to pay for the requested expenses. Of the nine agency requests not

recommended for CDBG and HOME funds, three are recommended for Buffington Community Service Grant funds. The remaining requests were not funded for one or more of the following reasons: (1) a lack of funding availability, (2) the request did not comply with federal regulations or (3) the request was deemed as a non-emergency, building maintenance expense that the agency could utilize other funding to obtain.

Applicant	2014 Recommended amount	2014 Requested amount	2013 Grant amount

A Resolution of the City Council of the City of Plano, Texas, adopting the 2014-2015 Action Plan, including the summary of Community Development Block Grant and HOME Investment Partnership objectives and proposed use of funds for program year 2014-2015; and declaring an effective date.

WHEREAS, the Community Relations Commission held public hearings in 2014 on April 8, April 15, April 22, and April 29 and made final recommendations at a public meeting on May 13, concerning the 2014-2015 Action Plan which details the use of Community Development Block Grant Funds and HOME Investment Partnership Funds collectively referred to herein as “the Funds”; and

WHEREAS, the City Council held a public hearing on June 23, 2014, to receive public comments concerning the recommendations of the Community Relations Commission; and

WHEREAS, the City Council approves of the 2014-2015 Action Plan and the related summaries, objectives, and proposed uses of funds.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLANO, TEXAS, THAT:

SECTION I. - The 2014-2015 Action Plan (Exhibit “A” attached hereto), including the summary of Community Development Block Grant and HOME Investment Partnership Objectives and proposed use of funds for 2014-2015, are hereby adopted with funding allocations as follows:

Executive Summary

As part of the Federal regulations guiding the development of this document, the City is required to provide an executive summary to include objectives and outcomes identified for the plan year, an evaluation of past performance and a summary of citizen participation.

The City of Plano 2014-15 Action Plan details activities that will utilize U.S. Department of Housing and Urban Development (HUD) funds starting October 1, 2014. Public participation was requested through grant hearings as stated in the Citizen Participation Plan. The activities were then presented as recommendations of the Community Relations Commission for the use of funding from HUD's Community Development Block Grant (CDBG) and HOME Investment Partnership Grant (HOME) and the City's Buffington Community Services Grant.

Priorities for funding are established through the 2010-2014 City of Plano Consolidated Plan. All federal funds must be used to create suitable living environments, provide decent housing and create economic opportunities for citizens of the community. The City of Plano also combines general funds with HUD funds to achieve these objectives and outcomes. This Action Plan serves as year four of the five year Consolidated Plan.

2014-15 Objectives and Outcomes

The following are the FY 2014 objectives and outcomes identified for funding in the 2014-15 Annual Action Plan.

Decent Housing

Objective 1: To preserve and enhance existing housing stock through home rehabilitation.

Outcome: Provide programs to rehabilitate and improve the existing stock of homes occupied by low and moderate income owners.

Objective 2: To create affordable homeownership opportunities through homeownership assistance, new construction and/or acquisition and rehabilitation of land and properties for income qualifying households.

Outcome: Provide assistance to homebuyers with downpayment assistance, closing cost assistance, and/or homebuyer education and counseling.

Suitable Living Environment

Objective: Fund public service activities serving primarily lower income persons and those with special needs.

Outcome 1: Provide support to organizations that engage in public services for Plano residents, especially special needs populations, including but not limited to low income elderly, persons with disabilities, persons with HIV/AIDS and at-risk youth.

Outcome 2: Assist homeless supportive services across the entire spectrum of need, from homelessness to self-sufficiency, with the continued emphasis on homelessness prevention.

Economic Opportunities

Objective: Create and/or expand opportunities for small businesses and/or microenterprises.

Outcome: Support activities that provide job training and assist with job/small business creation.

Evaluation of Past Performance

Since October 1, 2013, the City of Plano has invested approximately \$895,000 dollars of HUD funds in the community to meet objectives and outcomes outlined in the 2010-2014 Consolidated Plan. Activities included \$530,429 in CDBG and \$157,348 in HOME funds to create and/or improve Plano's affordable housing stock and \$52,324 for homelessness prevention. An additional \$154,899 was spent on services to assist the elderly, disabled adults, at-risk youth, patients living with AIDS/HIV, and provide grant administration. In addition to federal funds, the City leveraged non-federal dollars to accomplish stated objectives.

HUD regulations require CDBG funds be expended in a timely manner. No more than 1.5 times the current grant year allocation can be available on the timeliness test date. The City's rating is currently at 1.36 and will be well below the required rate of 1.5 on HUD's test date of August 1, 2014.

On October 1, 2014, the City will enter the fourth year of the 2010-2014 Consolidated Plan. Much progress has been made toward addressing annual objectives. The 2013 Action Plan year ends September 30, 2014. Overall, activities have been successful in meeting objectives and some exceeded expectations.

Citizen Participation

The Plano City Council appoints the Community Relations Commission (CRC) as the policy recommending body through which the community can participate in funding allocations for HUD and City of Plano Buffington Community Service Grant funds. The CRC is made up of Plano residents who coordinate with staff to oversee a citizen participation process and make recommendations that affect the community. In early January 2014, the City of Plano notified organizations that expressed interest in providing services to Plano residents of available funding through electronic mail, letters sent by the U.S. Post Office, the Plano Star Courier, the web at www.planoplanning.org and announcements via community forums for non-profit organizations.

Applications were accessible via the City's website. To assist interested agencies in applying, City staff held two mandatory application training sessions on January 28th and 29th. One-on-one technical assistance was also made available. Of the 33 organizations, 81% met with staff to request general guidance in preparing their application before official submission. On March 30th, the City published a notice in the Plano Star Courier informing the public of hearings for the use of CDBG and HOME funds. Agenda notices were posted at City Hall and online. The CRC then held public hearings for those desiring to speak on 2014 funding allocations on April 8th, April 15th, April 22nd and April 29th.

On May 13, 2014, the CRC made recommendations for the use of grant funding. A proposed summary of the 2014 use of funds and draft Action Plan was published in the Plano Star Courier newspaper on June 15, 2014. The 30 day public comment period began on June 16, 2014 and ended on July 16, 2014. In addition to listing CRC funding recommendations, it also explained how to obtain a copy of the City of Plano Draft 2014-15 Action Plan and noted the City Council public hearing date on June 23, 2014.

Summary of Citizen Comments

Comments received were made during CRC hearings by organization representatives regarding information presented in their written application. To date, no written or public comments have been received by City staff.

Resources

The City of Plano will use both CDBG and HOME funds during FY 2014. The following represents the FY 2014 CDBG and HOME entitlement allocations as compared to last year.

	FY 2013	FY 2014	Difference
CDBG	\$1,179,994	\$1,175,330	-\$4,664
HOME	\$355,133	\$386,631	\$31,498
Total	\$1,535,127	\$1,561,961	\$26,834

The 2014 approval of HUD funds, despite sequestration, resulted in an approximate 2% increase compared to funds available in 2013. However, decreases over previous consecutive years have had a continual impact on affordable housing, public services (social services), and grant administration.

For the upcoming grant year, our affordable housing programs will be funded with 62% of the CDBG allocation and 90% of the HOME allocation. Even with a increase overall, our affordable housing partners, Habitat for Humanity, Plano Housing Corporation and Christ United Methodist Church's 'House on the Corner' are still limited to a minimal number of potential homeowners they can assist.

In addition to allocated funds, the City expects to receive program income from rehabilitation and homebuyer loans from both the CDBG and HOME. In FY 2014, the City anticipates receiving at least \$120,000 in CDBG and \$3,000 in HOME program income.

The City will also use general fund dollars to further support objectives and outcomes established in the 2010-2014 Consolidated Plan via the Buffington Community Services Grant in totaling \$269,330 and 30% of indirect costs.

Additional resources to the community include the Plano Housing Authority which receives an annual contract of approximately \$5 million and assists more than 900 households with vouchers each month. The City has supported Low- Income Housing Tax Credit projects but is not involved in any projects at this time nor does the City expect to receive McKinney-Vento Homeless Assistance Act funds from the Metro Dallas Homeless Alliance Continuum of Care (CoC) during the upcoming grant year.

The City of Plano will meet the 25% HOME match requirement through volunteer labor and donations received by Habitat for Humanity of South Collin County's Plano projects and Christ United Methodist Church's 'House on the Corner' project.

The above mentioned federal funds will be used to leverage private sector and non-federal public resources to aid organizations in providing services to Plano residents. Funds provided by the City of Plano to organizations are not enough to support their entire program. For public service organizations, these funds help leverage state, foundation, and sometimes other federal dollars to provide a continuum of services. For non-public service organizations, CDBG and HOME funds are used to leverage private bank funds and other federal programs to assist homeowners and homebuyers in improving or purchasing a home.

Annual Objectives

Annual objectives and a description of activities to be undertaken are in HUD Table 3A below. Additional information is available in Appendix A - HUD Table 3C.

Geographic Distribution/Allocating Priorities

All CDBG and HOME funds will be attributed to activities that benefit low- to moderate-income persons/families/households as required by legislation which governs these funds. The area median income for the City of Plano is \$67,500. Low- to moderate-income includes income levels at 80% or below the current median. In general, assistance is community-wide and not restricted to any particular geographic area within Plano city limits since needs are more wide-spread throughout the community.

Public Housing

The Plano Housing Authority (PHA) fills an important need in the community for low income Plano residents. Through the use of Section 8 vouchers and a small portion of public housing units, Plano's most vulnerable populations avoid homelessness. The City of Plano will continue to work with the Plano Housing Authority to assist in encouraging residents to participate in the PHA Self Sufficiency Program. PHA residents participating in the program attend the City of Plano's eight hour, HUD-approved, homeownership class. After attending the class, the PHA leverages City of Plano First-Time Homebuyer funds to assist Self Sufficiency Program participants in becoming a homeowner.

Though PHA is not designated as "troubled" by HUD, the City of Plano continues to work with the PHA and is available to assist them, if needed.

Homeless and Special Needs

The City of Plano outlined its homeless strategy in its 2010-2014 Consolidated Plan. The strategies and objectives below will be funded by both City general funds and HUD funds. The City will use available resources toward reducing and ending homelessness as follows:

The City will provide funding to local agencies which offer homeless services and support the Collin County Homeless Coalition (CCHC) in uniting the community by increasing awareness, coordinating and facilitating information.

The City will (i) continue outreach and assistance by staff and the Police Department through participation in the (CCHC) annual Point-in-Time Homeless Count, (ii) fund and support local agencies with the creation of additional emergency shelter and transitional housing, (iii) support the CCHC's strategic plan efforts to focus on children and families, domestic violence victims and unaccompanied youth.

The City will continue its Homelessness Prevention Program coordinated through Samaritan Inn, Inc. The program provides rent/mortgage and/or utility assistance to eligible persons with extremely low to low-income. Case management is required to ensure participants of the program move from being at-risk of becoming homeless to stably housed.

The City supports Section 202 Housing through Plano Community Homes. In addition, city general and federal funds will support Health Services of North Texas, Maurice Barnett Geriatric Wellness Center, Texas Muslim Women's Foundation, Inc., Hope's Door and LaunchAbility to support special needs populations including persons with HIV/AIDS, the elderly/frail elderly, domestic violence victims and persons with disabilities.

Barriers to Affordable Housing

The City of Plano continues to work at removing barriers to affordable housing and prevent barriers from arising for Plano residents. In 2010, the City of Plano conducted an Analysis of Impediments to Fair Housing (AI). The AI produced a Fair Housing Action Plan that the City began following in 2010-11 and will continue to follow in 2014-15. The Fair Housing Action Plan suggested that the following activities be taken to reduce the fair housing impediments:

Action Item 1: Make it easier for residents to find information about fair housing and the complaint process. The City has improved its website by:

- Defining fair housing on the website. Discuss what fair housing is and provide the basics of the federal Fair Housing Act and the City's fair housing ordinance.
- Providing instructions for filing a complaint.
- Providing links to the Texas Workforce Commission Civil Rights Division (TWCCRD) and HUD's websites.
- Providing cross links with the Plano Housing Authority's website.

In addition, the City is partnering with the housing authority and local housing non-profits to promote education and understanding of fair housing laws and rights through some of the following activities:

- Fair housing presentations at neighborhood meetings and community events;
- Displaying fair housing brochures and posters at community/recreation centers, in schools, health clinics, non-profits and city/county agencies that are frequented by populations most vulnerable to housing discrimination.

Action Item 2: Continue policies to encourage and create mixed types of housing, affordable to households of all income levels.

- The City has several policies that encourage housing opportunities for low and moderate income households. The City's Housing Infill ordinance allows the City to acquire, donate land and/or allocate other funds toward the development of affordable housing.
- The City's Housing Density Policy Statement that is part of its Comprehensive Plan outlines guiding principles for the development of larger scale, multifamily developments to avoid concentrations of such housing types. The policy statement includes a discussion of the positives of multifamily developments and counters common myths about multifamily developments. The document is a very positive step toward increasing public awareness about housing diversity and reducing NIMBYism.
- The City is actively working to increase the mix of housing type and pricing in Plano through development of two new zoning districts.

- The City has a mobile home zoning district and allows by right a minimum single family house size of 800 square feet.
- The City has adopted the International Building Code and does not allow construction in the floodplain.

Fostering Affordable Housing

In 2014-15, the City will continue addressing all of the actions set forth in the AI as well as continue to work to ensure City zoning and other ordinances are conducive to the creation of more affordable housing in Plano. Organizations developing affordable housing in Plano will continue to receive funding to address the needs consistent with the Consolidated Plan. Additionally, through the City's Housing Rehabilitation program, the City of Plano will acquire and rehabilitate affordable homes (including foreclosures) for sale to low-to-moderate income households.

Meeting Underserved Needs

The need for assistance to help under-served populations in Plano continues to grow with the unstable economy and unemployment. Moreover, the long-term decrease in HUD funding, places a strain on the available funds to assist organizations helping under-served populations. The City of Plano will continue to address the gap in services and needs of under-served communities through City general funds. In an effort to further help under-served populations, the City's Community Relations Commission changed the funding priorities for City general funds. All City-funded FY 2014 activities provide short-term, urgent economic assistance or care services, offering immediate relief of crisis impacting the physical and/or mental health of Plano residents. General categories for such assistance and care include food, clothing, shelter, transportation, and medical or crisis counseling care.

The City will also address underserved needs in other areas such as business and outreach. The City's Housing Rehabilitation program diligently works to include minority and women-owned contractors in the program's contracting opportunities. Letters will continue to be sent describing the rehabilitation program and requesting applications be completed for inclusion on the home improvement and rehabilitation contractor list. City staff will make efforts to attend events and meetings that minority and women-owned contractors sponsor. Also, staff will continue to attend community meetings that are minority focused, such as "Unidos" held in the City of Plano in order to encourage minorities and women to participate in our programs.

Anti-Poverty Strategy

The City of Plano's anti-poverty strategies include assisting organizations that provide services for families living in poverty and to help families escape poverty. Through City general funds and HUD funds, families living in poverty have access to health care, education, food and support services. The City works closely with homeowners and community groups to promote neighborhood involvement and neighborhood revitalization which lead to the reduction of poverty and strengthen community and family values. Through the City's "Love Where You Live" program, neighborhoods are revitalized and communities are strengthened through acts of kindness, outreach and volunteerism. The program allows the City to collaborate with various community, faith-based, and educational groups to make neighborhood and home improvements. Using the City's Neighborhood Enhancement Tool, assessments are completed to decide which neighborhoods should be engaged in community projects. As a result, these anti-poverty strategies strengthen families and the entire community.

Lead Paint Hazards

Lead-based paint hazards are addressed through the Housing Rehabilitation program. Homes are evaluated for lead paint and, when necessary, such hazards are mitigated. Actions taken to reduce lead-based paint will be conducted in accordance with HUD's lead-based paint regulations. In addition,

homes to be purchased through the First-Time Homebuyer Program that fail the required visual paint inspection may be mitigated for lead paint. If lead paint is present, the owner will be informed of the appropriate requirements to respond to the lead paint, and the purchase will not proceed with federal funds unless and until interim controls are completed.

Inter-agency Coordination

Inter-agency coordination is important to the institutional infrastructure surrounding HUD and city funded programs. Institutional structure is developed through financial assistance from the CDBG, HOME, City-funded grants, and other City general funds. Coordination between public and private housing agencies and social service agencies is promoted. The collaboration between the City, Samaritan Inn, Inc. and the Assistance Center of Collin County will continue to provide transportation to homeless individuals who are potential clients for shelter services at Samaritan Inn, Inc. The City also participates in the Collin County Social Services Association, Collin County Homeless Coalition, Metro Dallas Homeless Alliance (MDHA)-Continuum of Care, National Community Development Association and the Texas Health Resources Community Council. Public housing resident initiatives are supported by the Plano Housing Authority. The City also coordinates with Texas Department of Housing and Community Affairs (TDHCA), local faith-based groups and banks to address the needs of Plano residents.

Program Specific Requirements

The purpose of monitoring activities funded by HUD and the City of Plano is to ensure that the activity is successfully carried out and compliant with all applicable rules and regulations. Where the activity is to be performed by a subrecipient or a CHDO, a contract between the agency and the City is signed. The contract specifies what will be done with the money allocated, and the rules and regulations which apply. In addition, City staff will meet with the agencies prior to the start of the grant year to explain the required record-keeping and provide each agency a compliance manual online.

To ensure that HOME and CDBG funds for affordable housing are committed and spent in a timely manner, the City will review monthly the progress of expenditures. In situations where the expenditures are not timely, staff will work with the subrecipient or CHDO to rectify the situation.

The monitoring process consists of the following steps:

1. Notification to subrecipient or CHDO of scheduled monitoring visit.
2. Entrance conference with agency staff to explain what will be done during the visit.
3. Review documents justifying expenditures and work completed or in progress to determine the quality of the work and whether it complies with regulations and codes.
4. Financial and program review of income qualification documents, when applicable.
5. Review of HOME match documentation, when applicable.
6. On-site inspection of housing units under way and completed, where applicable.
7. Exit conference to report tentative conclusions and findings to agency staff.
8. Written follow-up detailing any problems found and request for a response explaining how the problem(s) will be corrected.
9. When necessary, additional follow-up visit to see that problems have been corrected, including re-inspection for cited corrections in housing units.

In most cases, monitoring visits will be conducted when work is complete. However, in some instances, particularly with new subrecipients or CHDOs, more frequent monitoring visits will be conducted.

HOME funds will not be used for rental assistance; therefore, there will be no requirement to monitor for long-term compliance with property standards.

CDBG

In accordance with HUD requirements set forth in 91.220(l)(1), the information below addresses the 2013-14 CDBG programmatic status.

1. The City expects to receive \$120,000 in CDBG program income from low-interest rehabilitation loans during GY2014-15. The City does not have float-funded activities.
2. All program income from the preceding program year was included in the 2012 CAPER.
3. The City does not have a Section 108 loan project.
4. The City does not have surplus funds related to any urban renewal settlement.
5. Grant funds returned to the line of credit were included in a prior Action Plan.
6. The City does not have float-funded activities.
7. The City has not certified any urgent need activities.
8. The City estimates at least 80% of all CDBG funds will be used on activities to benefit persons of low- and moderate-income.

HOME

The *Consolidated and Further Continuing Appropriations Act of 2012* P.L. 112-55) imposed new requirements on projects that receive funds from the HOME Investment Partnerships Program (HOME) for FY 2012 and beyond. City staff has implemented the new requirements into our procedures and written agreements for developers.

1. The City will not use forms of investment other than those described in 24 CFR 92.205(b).
2. The City will not use HOME funds to refinance existing debt secured by multifamily housing.
3. To ensure affordability, the City of Plano will impose recapture requirements on homeownership projects receiving subsidy that do not continue to reside in the residence for the entire affordability term.

Homebuyer HOME assistance will be provided as a deferred payment loan, amortizing annually over the course of the minimum period of affordability. If the homeowner sells the property at any time prior to the end of the affordability period, he/she will be expected to pay the full unamortized amount due at the time of sale. If, however, the net proceeds of the sale, less the amount of homeowner investment (defined as down payment and documented capital improvements), is less than the unamortized amount remaining, the City will share the net proceeds with the homeowner. The net proceeds will be divided proportionally according to the following mathematical formulas:

$$\frac{\text{HOME Subsidy}}{\text{HOME investment} + \text{homeowner investment}} \times \text{Net Proceeds} = \text{HOME amount recaptured by P.J.}$$

$$\frac{\text{Homeowner Investment}}{\text{HOME subsidy} + \text{homeowner investment}} \times \text{Net proceeds} = \text{Amount to homeowner}$$

The City will apply HOME Resale provisions when there is no direct subsidy made to the homebuyer, meaning no funds to recapture. The home will be sold to qualified low-to-moderate income buyers, the sales price will remain affordable, and the seller will receive a fair return. Projects only involving development subsidy will not be subject to recapture.

4. The City will not provide HOME Tenant-Based Rental Assistance.
5. The City believes individuals of similar economic levels in the same housing market areas should have available to them a like range of housing choices regardless of their race, color, religion, sex, age, handicap, familial status, or national origin. This policy will be carried out by including the Equal Housing Opportunity logo on all materials sent to owners and tenants, requirements to include the "Equal Housing Opportunity" phrase in advertisement and display the Fair Housing Poster in management offices.
6. The City encourages MWBEs to contract for construction projects through solicitation, requiring prime contractors to take affirmative steps for subcontracts, dividing tasks and including MWBE criteria with additional points when feasible.
7. The City will not use HOME funds to refinance existing debt secured by multifamily housing.

Summary Statement

In summary, the City developed this document to describe future community development activities that will take place in the upcoming fiscal year. The document will serve as a guide to achieving objectives and outcomes set forth in the 2010-2014 Consolidated Plan during FY 2014. It is designed to meet HUD requirements set forth in Title 24 Part 91.220. Activities in this plan serve as an avenue to improve the quality of life for all Plano residents and revitalize the community. Citizens are encouraged to read this document and submit comments and/or questions to City staff.
