FUND(S): FIRE EQUIPMENT REPLACEMENT FUND				
COMMENTS: Funds are available in the 2014-15 Fire Equipment Replacement Fund budget for the purchase of one hundred fifty-seven (157) Scott SCBA air cylinders, the third year of a three-year replacement cycle. STRATEGIC PLAN GOAL: Periodic replacement of the Fire Department's SCBA air cylinders relates to the City's Goal of Financially Strong City with Service Excellence and Safe Large City.				
SUMMARY OF ITEM				
The Department recommends the purchase of SCBA cylinders by utilizing the City of Fort Worth Contract #PO 14-00080613 (City of Plano Contract # 2014-62-l) in the amount of \$150,877. The City is authorized to purchase from a cooperative purchasing program with another local government or a local cooperative organization pursuant to Section 271 Subchapter F of the Local Government Code and by doing so satisfies any State Law requiring local governments to seek competitive bids for items.

MEMORANDUM

From the Office of the Fire Chief

Date: November 3, 2014
To: Diane Palmer-Boeck, Chief Purchasing Officer
From: Brian Crawford, Fire Chief
Subject: Scott Health/Safety Inc. SCBA Cylinder Supplement

Pursuant to FY 14/15 Budget Supplement #903005, Plano Fire-Rescue plans to purchase 157 Scott Health/Safety Inc. SCBA air cylinders. This purchase is a fully funded ERF procurement according to life-cycle parameters and established contract pricing. The SCBA Cylinders provide dependable, easy breathing air supply for firefighters during IDLH (immediately dangerous to life and health) emergency operations requiring supplied air protection. This is the third year of a three-year ERF replacement schedule of the Department's SCBA cylinders.

Our current SCBA cylinders are fast approaching their end-of-life cycle of 15 years and will be rendered unusable at that point. The Department is looking to continue the replacement process at this time in order to effectively provide and sustain IDLH atmosphere emergency operations. If this purchase does not happen, two-thirds of our SCBA bottles will expire and we will be unable to use our air packs in smoky environments.

The City of Fort Worth has completed a competitive bid process and awarded an annual contract with renewals to Municipal Emergency Services. The contract provides for a 32% discount from manufacturer's suggested retail pricing. Previous purchases of Scott products have resulted in a 24% MSRP discount.

Accordingly, the Department recommends the above equipment be purchased through the utilization of City of Fort Worth Contract #PO 14-00080613 (City of Plano Contract #2014-62-I) in the amount of \$150,877.00, pursuant to Chapter 271, Subchapter F, of the Local Government Code that allows local governments to participate in a cooperative purchasing program.

Respectfully submitted,

Brian Crawford
