From: Dana Conklin, Director of Public Information
Subject: Request for Use of the City of Plano Logo

On June 12, 2012 the City received a request from the Griffin family through the Dignity Memorial Funeral Home for the use of the City of Plano logo. It is to be inscribed on the headstone of former City Manager David Griffin. The logo is requested for placement at a size of 6-8 inches.

City of Plano Code of Ordinances, Chapter 2, Article I, Section 2-1 (b) states that no person, firm, organization, or corporation other than the city shall adopt, use, display, incorporate, or appropriate the official logo of the city as any part of any material, equipment, or other matter of such person, firm, organization or corporation, without written application to and approval of the city council.

Seeing no conflict with this use and recognizing the valuable service provided to the city by Mr. Griffin, staff recommends approval of this specific use of the city logo as shown here.
